American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, call that provider to ask if he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your Member Handbook carefully to find out what is covered.

Introduction

You must get all of your health care from Blue Plus network providers. There are some exceptions. Examples of exceptions are: emergency or urgent care, open access services, and other previously authorized services. If you have questions about the providers you should use, please contact Member Services.

Accessing specialty providers

Blue Advantage and MinnesotaCare make it easy to see a specialist when you need to. That's because we feature an open-access provider network. Open access means Blue Plus will not require you to get a referral from your Primary Care Clinic (PCC) when you need to see a network specialist. If you need to see a specialist, there are several ways to find one.

You can ask your PCC for help. Or choose any specialist in our large network. For a list of doctors and specialists, see the provider listings in this book. Please call Blue Plus Member Services for help finding a specialist. You can call a clinic directly to verify that it is still in the network.

You can get additional information on how to access specialty care by calling Blue Plus Member Services at the phone numbers listed on the cover. Or visit **bluecrossmn.com/publicprograms**.
