PROVIDER AND PHARMACY DIRECTORY 2020

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, call that provider to ask if he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or *Member Handbook* carefully to find out what is covered.

Member Services: **1-888-740-6013** (TTY: **711**)

Calls to this number are free. 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday (except holidays) from April 1 through September 30.

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

SecureBlue | 2020 *Provider and Pharmacy Directory*

Introduction

This *Provider and Pharmacy Directory* includes information about the provider and pharmacy types in SecureBlue and listings of all the plan's providers and pharmacies as of the date of this Directory. The listings contain provider and pharmacy address and contact information as well as other details, as applicable, such as days and hours of operation, specialties, and skills. Key terms and their definitions appear in alphabetical order in the last chapter of the *Member Handbook*.

A. Disclaimers

- SecureBlue℠ (HMO SNP) is a health plan that contracts with both Medicare and the Minnesota Medical Assistance (Medicaid) program to provide benefits of both programs to enrollees. Enrollment in SecureBlue depends on contract renewal.

- SecureBlue has a Model of Care approved by the National Committee for Quality Assurance (NCQA) and Minnesota until December 31, 2020 based on a review of SecureBlue's Model of Care.

- This Directory lists health care professionals (such as doctors, nurse practitioners, and psychologists) and facilities (such as hospitals or clinics) that you may see as a SecureBlue member. We also list the pharmacies that you may use to get your prescription drugs.

- We will refer to these groups as "network providers" in this Directory. These providers signed a contact with us to provide you services. This is a list of SecureBlue's network providers for Aitkin, Anoka, Becker, Benton, Carlton, Carver, Cass, Chippewa, Chisago, Clay, Cook, Cottonwood, Crow Wing, Dakota, Faribault, Fillmore, Houston, Isanti, Jackson, Kandiyohi, Kittson, Koochiching, Lac qui Parle, Lake, Lake of the Woods, Le Sueur, Lincoln, Lyon, Mahnomen, Marshall, Martin, Mille Lacs, Morrison, Mower, Murray, Nicollet, Nobles, Norman, Olmsted, Otter Tail, Pennington, Pine, Polk, Ramsey, Red Lake, Redwood, Rice, Rock, Roseau, Scott, Sherburne, St. Louis, Stearns, Swift, Todd, Wadena, Washington, Watonwan, Wilkin, Winona, Wright, Yellow Medicine.

- You can get this document for free in other formats, such as large print, braille, or audio. Call Member Services at the number at the bottom of this page.

- To make or change a standing request to get this document, now and in the future, in a language other than English or in an alternate format, call Member Services at the number at the bottom of this page.

- The list is up-to-date as of **September 2020**, but you need to know that:

  - Some SecureBlue network providers may have been added or removed from our network after this Directory was published.

  - Some SecureBlue providers in our network may no longer be accepting new members. If you are having trouble finding a provider who will accept new members, call Member Services at the number at the bottom of this page and we will help you.

  - To get the most up-to-date information about SecureBlue's network providers in your area, visit bluecrossmn.com/secureblue or call Member Services at the number at the bottom of this page. Doctors and other health care professionals in SecureBlue's network are listed in Section C that starts on page 3. Pharmacies in our network are listed in Section E that starts on page 1294.

B. Background Information about SecureBlue's Network Providers

B1. Key terms

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment and other services.

  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.

  - Providers that are a part of our plan's network are called **network providers**.

- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they

accept members of our plan and provide services our plan covers. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay only your share of the cost for covered services.

- **A Primary Care Clinic (PCC)** is a provider who gives you routine health care. Your **Primary Care Clinic/PCC** will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You also have access to a **care coordinator.** A **Care Coordinator** helps you manage your medical providers and services.
  - Your **Collaborative Care Plan** is an ongoing action plan that addresses your healthcare needs. Your care coordinator will work with you to create a person- centered Care Plan that includes your healthcare goals and the resources, supports, and services you need to achieve them. Your Care Plan will be updated as your healthcare needs change.

B2. How to choose a Primary Care Clinic/PCC

You can get services from any provider who is in our network and accepting new members.

When you become a member of our plan, you will choose a Primary Care Clinic/PCC who is part of our plan network. This provider will be your Primary Care Clinic/PCC.

If you did not choose a Primary Care Clinic/PCC or would like to make a change to your Primary Care Clinic/PCC, go to the list of providers in Section C that starts on page 3 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.

- If you want help in choosing a PCC, please call Member Services at the number at the bottom of this page.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

B3. How to get long-term services and supports (LTSS)

You may be able to get long-term services and supports (LTSS), such as services provided by the Elderly Waiver (EW) program as a SecureBlue member. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

You must have a Long-Term Care Consultation (LTCC) done and be found to be eligible to get additional services or support. You can ask to have this assessment in your home, apartment, or facility where you live.

Your care coordinator will meet with you and your family to talk about your care needs if you call to ask for a visit.

Your care coordinator will give you information about community services, help you find services to stay in your home or community, and help you find services to move out of a nursing home or other facility.

If you need transition planning and coordination services to help you move to the community, you may be eligible to get Moving Home Minnesota (MHM) services. MHM services are separate from EW services, but you must be eligible for EW.

To find out more about these services, see your *Member Handbook*. Call Member Services at the number at the bottom of this page to get more information on how to access these services.

B4. How to access SecureBlue's network providers

You must get all of your covered services from providers within our network. If you go to providers who are not in SecureBlue's network **(without prior authorization or approval from us), you will have to pay the bill.**

A **prior authorization** is an approval from SecureBlue before you can get a specific service, drug, or see an out-of-network provider. SecureBlue may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if SecureBlue gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. You do not need to call Member Services to notify us of this change. Call the new provider and ask them to help you transfer your health care records.
- SecureBlue works with all the providers in our network to accommodate the needs of people with disabilities. If you need to see a provider and are not sure if they offer the accommodations you need, SecureBlue can help you. Talk to your care coordinator for assistance.

B5. How to find SecureBlue providers in your area

Providers in the SecureBlue network are listed in this directory in sections by type of provider. Examples are Primary Care Clinics/PCC, Hospitals, Nursing Homes, Chemical Dependency Providers and Dentists. To locate a provider, look in the section that contains the type of provider that you are seeking and then city (or city nearest you). If you cannot find a provider using the directory, our Member Services will help you locate one.

If you have questions about SecureBlue, please call our Member Services department at toll free 1-888-740-6013, 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday (except holidays) from April 1 through September 30. TTY users should call 711. Or, visit bluecrossmn.com/secureblue.

How to access out-of-network providers

SecureBlue covers certain health care services you get from out-of-network providers. These include: care for medical emergencies, urgently needed care and services that were originally denied but later overturned in an appeal. If an out-of-network provider asks you to pay for covered services that you get in these situations, please contact Member Services at the number at the bottom of this page. Member Services will assist

in determining the appropriate action needed.

How to access specialty providers

SecureBlue makes it easy to see a specialist when you need to. That's because SecureBlue features an "open-access" provider network. Open access means SecureBlue will not require you to get a referral from your Primary Care Clinic/PCC when you need to see a network specialist. If you need to see a specialist, there are several ways to find one. You can ask your Primary Care Clinic/PCC for help. Or choose any specialist in our large network. For a list of doctors and specialists, see the provider listings in this book. For the most up-to-date list and for help finding a specialist, call Member Services. You can choose any doctor, provider, hospital, pharmacy or family planning agency to receive some services. These services are: family planning, diagnosis of infertility, testing and treatment of sexually transmitted diseases and testing for AIDS and HIV-related conditions.

You can get additional information on how to access specialty care by calling Member Services at the number at the bottom of this page.

How to get more information about personal care provider organizations (PCPO) and home care agencies

For a listing of PCPOs and home care agencies, please refer to the Personal Care Assistance (PCA) Agencies or Home Health Care Agencies section of the directory. You may also call Member Services at the phone number listed on the bottom of this page. Or contact your care coordinator and they will help arrange these services for you.

How to find a network pharmacy

The Pharmacy section that lists pharmacy providers is located after the provider directory listing.

Please refer to the Pharmacy section to find an updated list of pharmacy providers. Or call Member Services at the number at the bottom of this page.

How to determine if a facility is accessible

Providers were asked to complete a questionnaire about accessibility in three areas: parking, entry ways and other relevant spaces, and office exam rooms and equipment. Responses to the questionnaire are included in the provider listings.

If you need more information about access options, you can obtain information by calling

Member Services at the number at the bottom of this page. This could include, but is not limited to, information such as availability of flexible hours or wheelchair access.

How to access Interpreter Services

Hearing and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. To get information about interpreter services or translation services, call Member Services at the phone number listed on the bottom of this page.

C. SecureBlue's List of Network Providers

This part of the Directory includes a list of SecureBlue's network providers **who participate in and accept** SecureBlue. It contains:

- **Health care professionals** including primary care physicians, specialists, mental health and substance use disorder providers (behavioral health), and dentists.
- **Facilities** including hospitals, nursing facilities, mental health facilities, IHS and Tribal facilities and clinics.

Providers are listed in alphabetical order. In addition to contact information, provider listings also include specialties and skills, for example, such as languages spoken or completion of cultural competence training. Providers are listed by county. To find a provider in your area, look for your county or one near you and then choose a provider.

You may get services from any of the providers on this list.

> **Cultural competence training** is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.
