D. Background Information about SecureBlue's Network Pharmacies

This part of the Directory provides a list of pharmacies in SecureBlue's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

- SecureBlue members must use network pharmacies to get prescription drugs.
  - You must use network pharmacies except in emergency or urgent care situations.
  - If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out-of-pocket for the service. Read the SecureBlue *Member Handbook* for more information.
- Some network pharmacies may not be listed in this Directory.
  - Some network pharmacies may have been added or removed from our plan after this Directory was published.

For up-to-date information about SecureBlue network pharmacies in your area, please visit our website at bluecrossmn.com/secureblue or call Member Services at the number at the bottom of this page.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Member Handbook* and SecureBlue's *List of Covered Drugs* (Drug List). You can find the List of Covered Drugs on our website at bluecrossmn.com/secureblue or you may contact Member Services at the number on the bottom of this page.

D1. Types of pharmacies in SecureBlue's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Chain pharmacies
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) pharmacies

You are not required to continue going to the same pharmacy to fill your prescriptions.

You can go to any of the pharmacies in our network.

D2. Long-term supplies of prescriptions

- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of covered prescription drugs. A 90-day supply has the same copay as a one-month supply.

E. SecureBlue's List of Network Pharmacies

This part of the Directory includes a list of SecureBlue's network pharmacies that **participate in and accept** SecureBlue. Providers are listed by county. To find a provider in your area, look for your county or one near you and then choose a provider.

E3. Long-term care pharmacies

Residents of a long-term care facility, such as a nursing home, may access their prescription drugs covered under SecureBlue through the facility's pharmacy or another network pharmacy.

To learn more about drug coverage in special cases, see chapter 5 of the Member Handbook. The pharmacies listed below service all counties in Minnesota.

E4. Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) pharmacies

Only Native Americans and Alaska Natives have access to Indian Health Service / Tribal / Urban Indian Health Program (I/T/U) Pharmacies through SecureBlue's pharmacy network. Those other than Native Americans and Alaskan Natives may be able to go to these pharmacies under limited circumstances (e.g., emergencies).

For more information, please see your Member Handbook.
