General Provider Payment Methods

Participating Providers

Several industry-standard methods are used to pay our health care providers. If the provider is “participating” they are under contract and the method of payment is part of the contract. Most contracts and payment rates are negotiated or revised on an annual basis.

- **Non-Institutional or Professional (i.e. doctor visits, office visits) Participating Provider Payments**
 - **Fee-for-Service** – Providers are paid for each service or bundle of services. Payment is based on the amount of the provider’s billed charge.
 - **Discounted Fee-for-Service** – Providers are paid a portion of their billed charges for each service or bundle of services. Payment may be a percentage of the billed charge or it may be based on a fee schedule that is developed using a methodology similar to that used by the federal government to pay providers for Medicare services.
 - **Discounted Fee-for-Service, Withhold and Bonus Payments** – Providers are paid a portion of their billed charges for each service or bundle of services, and a portion (generally 5-20%) of the provider’s payment is withheld. As an incentive to promote high quality and cost-effective care, the provider may receive all or a portion of the withhold amount based upon the cost-effectiveness of the provider’s care. In order to determine cost-effectiveness, a per member per month target is established. The target is established by using historical payment information to predict average costs. If the provider’s costs are below this target, providers are eligible for a return of all or a portion of the withhold amount and may also qualify for an additional bonus payment.

In addition, as an incentive to promote high quality care and as a way to recognize those providers that participate in certain quality improvement projects, providers may be paid a bonus based on the quality of the provider’s care to its member patients. In order to determine quality of care, certain factors are measured, such as member patient satisfaction feedback on the provider, compliance with clinical guidelines for preventive services or specific disease management processes, immunization administration and tracking, and tobacco cessation counseling.

Payment for high cost cases and selected preventive and other services may be excluded from the discounted fee-for-service and withhold payment. When payment for these services is excluded, the payment is paid on a discounted fee-for-service basis, but no portion of the provider’s payment is withheld.

- **Institutional (i.e., hospital and other facility) Participating Provider Payments**
 - **Inpatient Care**
 - **Payments for each Case (case rate)** – Providers are paid a fixed amount based upon the member’s diagnosis at the time of admission, regardless of the number of days the member is hospitalized. This payment amount may be adjusted if the length of stay is unusually long or short in comparison to the average stay for that

diagnosis ("outlier"). This method is similar to the payment methodology used by the federal government to pay providers for Medicare services.

- **Payments for each Day (per diem)** – Providers are paid a fixed amount for each day the patient spends in the hospital or facility.
- **Percentage of Billed Charges** – Providers are paid a percentage of the hospital's or facility's billed charges for inpatient or outpatient services, including home services.
- **Outpatient Care**
 - **Payments for each category of services** – Providers are paid a fixed or bundled amount for each category of outpatient services a member received during one (1) or more related visits.
 - **Payments for each visit** – Providers are paid a fixed amount for all related services a member receives in an outpatient or home setting during one (1) visit.
 - **Payments for each patient** – providers are paid a fixed amount per patient per calendar year for certain categories of outpatient services.

Special Incentive Payments

As an incentive to promote high quality, cost effective care and as a way to recognize that those providers participate in certain quality improvement projects, providers may be paid extra amounts following the initial adjudication of a claim based on the quality of the provider's care to their patients and further based on claims savings that the provider may generate in the course of rendering cost effective care to its member patients. Certain providers also may be paid in advance of a claim adjudication in recognition of their efficiency in managing the total cost of providing high quality care to members and for implementing quality improvement programs. In order to determine quality of care, certain factors are measured to determine a provider's compliance with recognized quality criteria and quality improvement. Areas of focus for quality may include, but are not limited to: services for diabetes care; tobacco cessation; colorectal cancer screening; and breast cancer screening, among others. Cost of care is measured using quantifiable criteria to demonstrate that a provider is meeting specific targets to manage claims costs. These quality and cost of care payments to providers are determined on a quarterly or annual basis and will not directly be reflected in a claims payment for services rendered to an individual member. Payments to providers for meeting quality improvement and cost of care goals and for recognizing efficiency are considered claims payment.

Nonparticipating Providers

When you use a Nonparticipating Provider, benefits are substantially reduced and you will likely incur significantly higher out-of-pocket expenses. A Nonparticipating Provider does not have any agreement with Blue Cross or another Blue Cross and/or Blue Shield Plan. For services received from a Nonparticipating Provider (other than those described under "Special Circumstances" below), the Allowed Amount will be based upon one of the following payment options to be determined at Blue Cross' discretion: (1) a percentage, not less than 100%, of the Medicare Allowed Charge for the same or similar service; (2) a percentage, not less than 100%, of the Medicare Advantage Allowed Charge for the same or similar Service; (3) a percentage of billed charges; (4) pricing determined

by another Blue Cross or Blue Shield Plan; or, (5) pricing based upon a nationwide provider reimbursement database. The payment option selected by Blue Cross may result in an Allowed Amount that is a lower amount than if calculated by another payment option. When the Medicare Allowed Charge or Medicare Advantage Allowed Charge is not available, the pricing method is determined by factors such as type of service, place of service, reason for care, and type of provider at the point the claim is received by Blue Cross. The Allowed Amount for a Nonparticipating Provider is usually less than the Allowed Amount for a Participating Provider for the same service and can be significantly less than the Nonparticipating Provider's billed charges. You will be paid the benefit under the Plan and **you are responsible for paying the Nonparticipating Provider.** The only exception to this is stated in "**General Provisions,**" "**Whom We Pay.**" The amount you pay does not apply toward any Out-of-Pocket Maximum contained in the Plan.

In determining the Allowed Amount for Nonparticipating Providers, Blue Cross makes no representations that the allowed amount is a usual, customary or reasonable charge from a provider. See the Allowed Amount definition for a more complete description of how payments will be calculated for services provided by Nonparticipating Providers.

- **Example**

The following table illustrates the different out-of-pocket costs you may incur using Nonparticipating versus Participating Providers. The example presumes that your deductible has been satisfied and that the Plan covers 80% for Participating Providers and 60% for Nonparticipating Providers. It also presumes that the Allowed Amount for a Nonparticipating Provider will be less than for a Participating Provider. The difference in the Allowed Amount between a Participating and Nonparticipating Provider could be more or less than the 20% difference in the example below.

	Participating Provider	Nonparticipating Provider
Provider Charge:	\$150	\$150
Allowed Amount:	\$100	\$80
Blue Cross Pays:	80% (\$80)	60% (\$48)
Coinsurance You Owe:	20% (\$20)	40% (\$32)
Difference Up to Billed Charge You Owe:	None	\$70 (\$150 minus \$80)
You Pay:	\$20	\$102

Special Circumstances

There may be circumstances where you require medical or surgical care and you do not have the opportunity to select the Provider of care. For example, some hospital-based Providers (e.g., anesthesiologists) or independent Lab providers may not be Participating Providers. Typically, when you receive care from Nonparticipating Providers, you are responsible for the difference between the Allowed Amount and the Provider's billed charges. However, in circumstances where you needed care, such as in a participating hospital and were not able to choose the Provider who rendered such care, (Nonparticipating Providers in a participating hospital or your participating Physician sending lab samples to a Nonparticipating Lab), Minnesota law provides that you are not

responsible for any amounts above what would have been required to pay (such as cost sharing and deductibles) had you used a Participating Provider, unless you gave advance written consent to the Nonparticipating Provider. If you receive a bill from a Nonparticipating Provider while using a participating hospital or facility, and you did not provide written consent to receive the Nonparticipating Provider's Services, you should submit the bill to Blue Cross for processing. If you have questions, please contact Customer Service. The extent of reimbursement in certain Medical Emergency circumstances may also be subject to state and federal law – please refer to "Emergency Care" for coverage of benefits.

The above is a general summary of our provider payment methodologies only. Further, while efforts are made to keep this form as up-to-date as possible, provider payment methodologies may change from time to time and every current provider payment methodology may not be reflected in this summary.

Please note that some of these payment methodologies may not apply to your particular plan.

Women's Health and Cancer Rights Act

Under the federal Women's Health and Cancer Rights Act of 1998 and Minnesota law, you are entitled to the following services:

1. All stages of reconstruction of the breast on which the mastectomy has been performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance; and,
3. prosthesis and physical complications at all stages of mastectomy, including lymphedema, in a manner determined in consultation with the attending physician and patient.

Coverage may be subject to annual deductible, copayment, and coinsurance provisions as may be deemed appropriate and as are consistent with those established for other benefits under the plan or coverage.

Coverage of Health Care Services on the Basis of Gender

Federal law prohibits denying or limiting health Services, that are ordinarily or exclusively available to individuals of one sex, to a transgender individual based on the fact that the individual's sex assigned at birth, gender identity, or gender otherwise recorded is different from the one to which such health Services are ordinarily or exclusively available. Eligible, Covered Services must be Medically Necessary and Appropriate, and remain subject to any requirements outlined in Blue Cross' medical policy and/or federal law.

Blue Cross and Blue Shield of Minnesota Member Rights and Responsibilities

YOU HAVE THE RIGHT AS A HEALTH PLAN MEMBER TO:

- be treated with respect, dignity and privacy;
- have available and accessible medically necessary covered services, including emergency services, 24 hours a day, seven (7) days a week;
- be informed of your health problems and to receive information regarding treatment alternatives and their risk in order to make an informed choice regardless if the health plan pays for treatment;
- participate with your health care providers in decisions about your treatment;
- give your provider a health care directive or a living will (a list of instructions about health treatments to be carried out in the event of incapacity);
- refuse treatment;
- privacy of medical and financial records maintained by Blue Cross and its health care providers in accordance with existing law;
- receive information about Blue Cross, its services, its providers, and your rights and responsibilities;
- make recommendations regarding these rights and responsibilities policies;
- have a resource at Blue Cross or at the clinic that you can contact with any concerns about services;
- file a complaint with Blue Cross and the Commissioner of Commerce and receive a prompt and fair review; and,
- initiate a legal proceeding when experiencing a problem with Blue Cross or its providers.

YOU HAVE THE RESPONSIBILITY AS A HEALTH PLAN MEMBER TO:

- know your health plan benefits and requirements;
- provide, to the extent possible, information that Blue Cross and its providers need in order to care for you;
- understand your health problems and work with your doctor to set mutually agreed upon treatment goals;
- follow the treatment plan prescribed by your provider or to discuss with your provider why you are unable to follow the treatment plan;
- provide proof of coverage when you receive services and to update the clinic with any personal changes;
- pay copays at the time of service and to promptly pay deductibles, coinsurance, and, if applicable, charges for services that are not covered; and,
- keep appointments for care or to give early notice if you need to cancel a scheduled appointment.

INTRODUCTION

State Retiree Coordinated Plan

This certificate is issued and delivered in the state of Minnesota, is subject to the laws of the state of Minnesota, and is not subject to the laws of any other state.

This certificate describes the State Retiree Coordinated Plan (SRCP). For purposes of this certificate, "you" or "your" refers to the group member named on the identification (ID) card. Group member is the person for whom the group contractholder has provided coverage. The group contractholder has contracted with us to provide coverage for its group members. "We," "us," and "our" refer to Blue Cross and Blue Shield of Minnesota (Blue Cross). Other terms are defined in the "Definitions" section.

This certificate describes your health care coverage. It replaces all other certificates you have received from us. This certificate explains the Plan, eligibility, notification procedures, covered expenses, and expenses that are not covered. It is important that you read this entire certificate carefully. If you have questions about your coverage, please contact us at the address or telephone numbers listed on the "Customer Service" page.

Coverage under this Plan for eligible group members will begin as defined in the "Eligibility" section.

This Plan is a fully insured medical plan. Blue Cross is the insurer and the claims administrator. Coverage is subject to all terms and conditions of this certificate, including medical necessity.

The Plan provides benefits for covered services you receive from eligible health care providers. You receive the highest level of coverage when you use Participating Providers. Participating Providers are providers that have entered into a network contract with us to provide you quality health services at favorable prices.

The Plan also provides benefits for covered services you receive from Nonparticipating Providers. In some cases, you receive a reduced level of coverage when you use these providers. Nonparticipating Providers have not entered into a network contract with us. You may pay a greater portion of your health care expenses when you use Nonparticipating Providers.

IMPORTANT! When receiving care, present your ID card to the provider who is rendering the services.

A copy of our privacy procedures is available on our website at www.bluecrossmn/segip.com or by calling Customer Service.

COVERAGE INFORMATION

Choosing a Health Care Provider

You may choose any eligible provider of health services for the care you need. We may pay higher benefits if you choose Participating Providers.

We feature a large network of participating providers, and each provider is an independent contractor and is not our agent.

If you want to know more about the professional qualifications of a specific health care provider, call the provider or clinic directly.

Participating Providers

When you choose these providers, you get the most benefits for the least expense and paperwork. These providers send your claims to us and we send payment to the provider for covered services you receive. The provider directory lists Participating Providers and may change from time to time, at least once a month, including as providers initiate or terminate their network contracts. If you receive a claim for services from a Provider whose status changed from In-Network to Out-of-Network, you may notify us and we will reprocess the claim as an In-Network claim (as long as the Provider accepts our In-Network reimbursement rates and complies with any prior authorization or information requirements), if three criteria are met: (1) the claim is for a service provided after the network status change went into effect but before the change was posted in the online directory; (2) we did not notify you of the network status change before the service was provided; and (3) we are unable to verify that the online directory displayed the correct network status on the date the service was provided. For benefit information, refer to the "Benefit Chart."

The SRCP covers eligible services when Participating Providers are used. If you choose to use a Nonparticipating Provider, the SRCP still covers eligible services but at a lower payment level. For the highest level of coverage, use Participating Providers. If you reside outside the state of Minnesota or travel world-wide, you need to be aware of your responsibilities when you use a Nonparticipating Provider.

Nonparticipating Providers

Nonparticipating Providers may not take care of notification requirements or file claims for you. You may also pay more of the bill. Refer to the "Liability for Health Care Expenses" section for a description of charges that are your responsibility.

Liability for Health Care Expenses

Charges That Are Your Responsibility

When you use Participating Providers for covered services, payment is based on the allowed amount. You are not required to pay for charges that exceed the allowed amount. You are required to pay the following amounts:

1. deductibles and coinsurance;
2. charges that exceed the benefit maximum;
3. charges for services that are not covered; and,

4. charges for services that are investigative or not medically necessary if you are notified in writing before you receive services that the services are not covered and you agree in writing to pay all charges.

When you use Nonparticipating Providers for covered services, payment is still based on the allowed amount. However, because a Nonparticipating Provider has not entered into a network contract with us, the Nonparticipating Provider is not obligated to accept the allowed amount as payment in full.

You are responsible for payment of any billed charges that exceed the allowed amount. This means that you may have substantial out-of-pocket expense when you use a Nonparticipating Provider. You are required to pay the following amounts:

1. charges that exceed the allowed amount;
2. deductibles and coinsurance;
3. charges that exceed the benefit maximum;
4. charges for services that are not covered including services that we determined are not covered services based on claims coding guidelines; and,
5. charges for services that are investigative or not medically necessary.

Recommendations by Health Care Providers

In some cases, your provider may recommend or provide written authorization for services that are specifically excluded by the Plan. When these services are referred or recommended, a written authorization from your provider does not override any specific Plan exclusions.

Good Faith Estimate of Service Costs

Blue Cross, at your request, will provide a good faith estimate of what a health care service will cost you. When you intend to receive a specific health care service and call Blue Cross for information about how much the service will cost, we will provide a good faith estimate of the allowed amount and your out-of-pocket cost for that service. The good faith estimate applies only to Minnesota resident members and Minnesota Providers. The estimate is not legally binding on Blue Cross. Beginning on July 1st, 2019, we will provide the good faith estimate within 10 business days of receiving all information necessary to provide the estimate.

Fraudulent Practices

Coverage for you will be terminated if you engage in fraud of any type including, but not limited to: submitting fraudulent, altered, or duplicate billings for personal gain; and/or allowing another party not eligible for coverage under the Plan to use your coverage.

Time Periods

When the time of day is important for benefits or determining when coverage starts and ends, a day begins at 12:00 a.m. United States Central Time and ends at 12:00 a.m. United States Central Time the following day.

Medical Policy Committee and Medical Policies

Blue Cross applies medical policies in order to determine benefits consistently for its members. Internally developed policies are subject to approval by our Medical Policy Committee, which consists of independent community physicians who represent a variety of medical specialties as well as a Clinical Psychologist and Pharmacist. The remaining policies are approved by other external specialists. For all policies, Blue Cross' goal is to find the right balance between making improved treatments available and guarding against unsafe or unproven approaches. From time to time new medical policies may be created or existing medical policies may change. Covered benefits will be determined in accordance with Blue Cross' policies in effect at the time Treatment is rendered or, if applicable, prior authorization may be required. Our medical policies can be found at www.bluecrossmn/segip.com. All medical policies are available upon request.

Accommodation Provision

It is the policy of Blue Cross to treat all persons alike, without distinctions based on race, color, religion, national origin, handicap, sex or age. If you have questions about this policy, contact Customer Service at (651) 662-5090 or toll-free 1-800-262-0819. Hearing impaired members with a TDD telephone may contact Customer Services at (651) 662-8700 or toll-free 1-888-878-0137. If you have an impairment that requires alternative communication formats such as Braille, large print or audio cassettes, please request these materials from Customer Service at the telephone numbers listed above. If this Certificate is provided in one of these alternative communication formats, this written version governs all coverage decisions.

NOTIFICATION REQUIREMENTS

Blue Cross reviews services to verify that they are medically necessary and that the treatment provided is the proper level of care. All applicable terms and conditions of your Plan including exclusions, deductibles, copays, and coinsurance provisions continue to apply with an approved prior authorization, admission notification, precertification, or emergency admission notification.

Prior authorization, admission notification, and precertification are required.

Emergency admission notification is required within 48 hours of the admission, or as soon as reasonably possible following the admission.

Prior Authorization

Prior authorization is a process that involves a benefits review and determination of medical necessity before a service is rendered. The Blue Cross Prior Authorization list describes the services for which Prior Authorization is required. The Prior Authorization list is subject to change due to changes in Blue Cross' medical policy. Blue Cross reserves the right to revise, update and/or add to this list at any time without notice. The most current list is available on the Blue Cross website at www.bluecrossmn/segip.com or call the Customer Service telephone number provided in the "Customer Service" section. They will direct your call.

For inpatient hospital/facility services, Participating Providers are required to obtain prior authorization for you. You are required to obtain prior authorization when you use Nonparticipating Providers in Minnesota and any provider outside of Minnesota. Some of these providers may obtain Prior Authorization for you. Verify with your providers if this is a service they will perform for you or not.

For outpatient hospital/facility services or professional services, Participating Providers are required to obtain prior authorization for you. You are required to obtain prior authorization when you use Nonparticipating Providers and any provider outside of Minnesota. Some of these providers may obtain prior authorization for you. Verify with your providers if this is a service they will perform for you or not.

Minnesota Participating Providers who do not obtain prior authorization are responsible for the charges.

When you use a Nonparticipating Provider, or any provider outside Minnesota, if Prior Authorization is not obtained and if it is found, at the point the claim is processed, that services were not medically necessary, you are liable for all of the charges.

We require that you or the provider contact us at least 10 working days prior to the provider scheduling the care/services to determine if the services are eligible. We will notify you of our decision within 10 working days, provided that the prior authorization request contains all the information needed to review the service.

Expedited review determination

Blue Cross will use an expedited review determination when the application of a standard review could seriously jeopardize your life or health or if the attending health care professional believes an expedited review is warranted. When an expedited review is requested, we will notify you as expeditiously as the medical condition requires, but no later than 72 hours from the initial request, unless more information is needed to determine

whether the requested benefits are covered. If the expedited determination is to not authorize Services, you may submit an expedited appeal. See the "Appeal Process" section for more information about submitting an expedited appeal.

We prefer that all requests for prior authorization be submitted to us in writing to ensure accuracy. Please refer to the "Customer Service" section for the telephone number and appropriate mailing address for prior authorization.

Notifications

- **Admission notification** is a process whereby the provider, or you, inform us that you will be admitted for inpatient hospitalization services. This notice is required in advance of being admitted for inpatient care for the following type of nonemergency admission. We require that you call us within 48 hours of an admission, or as soon as reasonably possible following the admission.
 - admission notification is required for an admission for normal pregnancy labor and delivery.
- **Emergency admission notification** is a process whereby the provider, or you, inform us within 48 hours of an emergency admission, or as soon as reasonably possible following the admission.

All Minnesota Participating Providers are required to provide notification for you. If those providers do not provide notification for you, then those providers are responsible for the charges.

If you are going to receive care from Nonparticipating Providers, or any provider outside Minnesota, you are required to provide notification to us. Some of these providers may provide notification for you. Verify with your provider if this is a service they will perform for you or not. **For claims from a Nonparticipating Provider or any provider outside Minnesota, if notification is not obtained and if it is found, at the point the claim is processed, that services were not medically necessary, you are liable for all of the charges.**

You may also be required to obtain prior authorization for the services or procedures while you are inpatient; for instance, if you are having elective surgery while inpatient at a Nonparticipating Provider. Please refer to "Prior Authorization" in this section to determine if you, or your provider, are responsible for obtaining any required Prior Authorization(s).

To provide notification, call the Customer Service telephone number provided in the "Customer Service" section. They will direct your call.

Precertification

Precertification is a process to provide a review and determination related to a specific request for care or services. Precertification includes concurrent/length-of-stay review for inpatient admissions. This notice is required in advance of being admitted for inpatient care for the following types of nonemergency admissions. We require that you or the provider contact us within 48 hours prior to the inpatient admission to determine if the services are eligible.

Precertification is required for the following types of admissions/facilities:

1. Acute medical and acute behavioral health admissions;
2. Acute rehabilitation (ACR) admissions;
3. Long-term acute care (LTAC) admissions;
4. Skilled Nursing Facilities; and,
5. Residential Behavioral Health Treatment Facilities.

Minnesota Participating Providers are required to provide precertification for you. If those providers do not provide precertification for you, then those providers are responsible for the charges.

If you are going to receive nonemergency inpatient care from Nonparticipating Providers, or any provider outside Minnesota, you are required to obtain precertification from us. Some of these providers may obtain precertification for you. Verify with your provider if this is a service they will perform for you or not. **For claims from a Nonparticipating Provider or any provider outside Minnesota, if precertification is not obtained and if it is found, at the point the claim is processed, that services were not medically necessary, you are liable for all of the charges.**

You may also be required to obtain prior authorization for the services or procedures while you are inpatient; for instance, if you are having elective surgery while inpatient at a Nonparticipating Provider. Please refer to "Prior Authorization" in this section to determine if you, or your provider, are responsible for obtaining any required Prior Authorization(s).

To provide precertification, call the Customer Service telephone number in the "Customer Service" section. They will direct your call.

DEFINITIONS:

- *BDCT Provider* means a hospital or other institution that has a contract with the Blue Cross and Blue Shield Association* to provide human organ, bone marrow, cord blood, and peripheral stem cell transplant procedures. These providers have been selected to participate in this nationwide network based on their ability to meet defined clinical criteria that are unique for each type of transplant. Once selected for participation, institutions are re-evaluated annually to ensure that they continue to meet the established criteria for participation in this network.
- *Participating Transplant Provider* means a hospital or other institution that has a contract with Blue Cross and Blue Shield of Minnesota or with their local Blue Cross and/or Blue Shield Plan to provide human organ, bone marrow, cord blood, and peripheral stem cell support procedures.
- *Transplant payment allowance* means the amount the Plan pays for covered services to a BDCT Provider or a Participating Transplant Provider for services related to human organ, bone marrow, cord blood, and peripheral stem cell transplant procedures in the agreement with that provider.

* An association of independent Blue Cross and Blue Shield Plans.

65. Services for or related to commercial weight loss programs, fees or dues, nutritional supplements, food, vitamins and exercise therapy, and all associated labs, physician visits, and services related to such programs.
66. Treatment, equipment, drug, and/or device that does not meet generally accepted standards of practice in the medical community for cancer and/or allergy testing and/or treatment; services for or related to homeopathy or chelation therapy that are not medically necessary.
67. Nonprescription (over-the-counter) and outpatient drugs or medicines, except as specified in the "Benefit Chart;" vitamin therapy or dietary supplements; and investigative or non-FDA approved drugs.
68. Services for or related to preventive medical evaluations for purposes of medical research, obtaining employment or insurance, or obtaining or maintaining a license of any type, unless such preventive medical evaluation would normally have been provided in the absence of the third party request.
69. Services for or related to cosmetic health services or surgery and related services, and treatment for conditions or problems related to cosmetic surgery or services, except as specified in the "Benefit Chart."
70. Services, supplies, drugs and aftercare for or related to artificial or nonhuman organ implants.
71. Services, chemotherapy, radiation therapy (or any therapy that results in marked or complete suppression of blood producing organs), supplies, drugs, and aftercare for or related to bone marrow and peripheral stem cell transplant procedures that are considered investigative or not medically necessary.
72. Services for or related to fetal tissue transplantation.
73. Services for or related to travel expenses for a kidney donor; kidney donor expenses for complications incurred after the organ is removed if the donor is not covered under this certificate; and kidney donor expenses when the recipient is not covered under this certificate.
74. Services for or related to preservation, storage, and thawing of human tissue including, but not limited to: sperm; ova; embryos; stem cells; cord blood; and, any other human tissue, except as specified in the "Benefit Chart."

ELIGIBILITY

The Minnesota Management and Budget (MMB) determine the eligibility subject to collective bargaining agreements, which may change during a benefit year. Blue Cross agrees to accept the decisions of the MMB as binding. This is individual only coverage.

Effective Date of Coverage

The effective date of coverage is determined by the MMB.

Termination of Coverage

Coverage ends on the earliest of the following dates:

1. the end of the month in which either Blue Cross or the MMB terminates the Contract;
2. the end of the month in which eligibility under the Contract ends; or,
3. the end of the month for which the last full premium was paid, when the member fails to pay the premium within 30 days of the date the premium is billed or is due, whichever is later.

Extension of Benefits

If you are confined as an inpatient on the date your coverage ends due to the replacement of the group contract, we automatically extend coverage until the date you are discharged from the facility or the date contract maximums are reached, whichever is earlier. Coverage is extended only for the person who is confined as an inpatient, and only for inpatient charges incurred during the admission. For purposes of this provision, "replacement" means that the group contract terminates and the group contractholder obtains continuous group coverage with a new carrier.

Off-Cycle Enrollment Without Evidence of Insurability

A member will be allowed to make an enrollment choice outside of the open enrollment period or initial period of eligibility without evidence of insurability under any of the circumstances specified below. Decisions as to whether these circumstances occur are at the sole discretion of the MMB and are binding on Blue Cross.

1. Any carrier participating in the State Employee Group Insurance Program is placed into rehabilitation or liquidation, or is otherwise unable to provide the services specified in the certificate and/or benefit booklet.
2. Any carrier participating in the State Employee Group Insurance Program loses all or a portion of its primary care provider network (including hospitals) to the extent that services are not accessible or available within thirty miles of the work station, including withdrawal from an approved service area.
3. The Carrier participating in the State Employee Group Insurance Program terminates or is terminated from participation in the Program.
4. The MMB approves a request from an employee or an agency due to a breakdown in the open enrollment process.
5. A member may elect to designate another carrier in the 60-day time period immediately preceding the effective date of retirement.
6. As otherwise specified by the MMB.

COORDINATION OF BENEFITS

This section applies when you have health care coverage under more than one (1) plan, as defined below. If this section applies, you should look at the Order of Benefits Rules first to determine which plan determines benefits first. Your benefits under this Plan are not reduced if the Order of Benefits Rules require this Plan to pay first. Your benefits under this Plan may be reduced if another plan pays first.

Definitions

These definitions apply only to this section.

1. "Plan" is any of the following that provides benefits or services for, or because of, medical or dental care or treatment:
 - a. group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice, individual practice coverage, and group coverage other than school accident-type coverage (group coverage is always primary and pays first);
 - b. coverage under a government plan or one required or provided by law; or,
 - c. individual coverage.

"Plan" does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act as amended from time to time). "Plan" does not include any benefits that, by law, are excess to any private or other nongovernmental program.

"Plan" does not include hospital indemnity, specified accident, specified disease, or, limited benefit insurance policies.

Each contract or other arrangement for coverage is a separate plan. Also, if an arrangement has two (2) parts and this section applies only to one (1) part, each of the parts is a separate plan.

2. "This Plan" means the part of the Plan that provides health care benefits.
3. "Primary plan/secondary plan" is determined by the Order of Benefits Rules.

When this Plan is a primary plan, its benefits are determined before any other plan and without considering the other plan's benefits. When this Plan is a secondary plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits.

When you are covered under more than two (2) plans, this Plan may be a primary plan as to some plans, and may be a secondary plan as to other plans.

Notes:

- a. If you are covered under This Plan and Medicare: This Plan will comply with the Medicare Secondary Payor ("MSP") provisions of federal law, rather than the Order of Benefits Rules in this section, to determine which Plan is a Primary Plan and which is a Secondary Plan. Medicare will be primary and this Plan will be secondary only to the extent permitted by MSP rules.

- b. If you are covered under This Plan and TRICARE: This Plan will comply with the TRICARE provisions of federal law, rather than the Order of Benefits Rules in this section, to determine which Plan is a Primary Plan and which is a Secondary Plan. TRICARE will be primary and This Plan will be secondary only to the extent permitted by TRICARE rules.
- 4. "Allowable expense" means the necessary, reasonable, and customary item of expense for health care, covered at least in part by one (1) or more plans covering the person making the claim. "Allowable expense" does not include an item of expense that exceeds benefits that are limited by statute or this Plan.

The difference between the cost of a private and a semiprivate hospital room is not considered an allowable expense unless admission to a private hospital room is medically necessary under generally accepted medical practice or as defined under this Plan. When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an allowable expense and a benefit paid.

- 5. "Claim determination period" means a Benefit Year. However, it does not include any part of a year the person is not covered under this Plan, or any part of a year before the date this section takes effect.

Order of Benefits Rules

- 1. General. When a claim is filed under this Plan and another plan, this Plan is a secondary plan and determines benefits after the other plan, unless:
 - a. the other plan has rules coordinating its benefits with this Plan's benefits; and,
 - b. the other plan's rules and this Plan's rules, in part b. below, require this Plan to determine benefits before the other plan.
- 2. Rules. This Plan determines benefits using the first of the following rules that applies:
 - a. Active/inactive employee. The plan that covers a person as an employee who is neither laid off nor retired determines benefits before a plan that covers that person as a laid-off or retired employee. If the other plan does not have this rule, and if as a result the plans do not agree on the order of benefits, then this rule is ignored.
 - b. Longer/shorter length of coverage. If none of the above rules determines the order of benefits, the plan that has covered an employee, member, or subscriber longer determines benefits before the plan that has covered that person for the shorter time.
- 3. When the person who received care is covered under the No-Fault Automobile Insurance Act or similar law or traditional automobile "fault" type coverage, that coverage applies benefits first.

Effect on Benefits of This Plan

- 1. When this section applies.

When the Order of Benefits Rules above requires this Plan to be a secondary plan, this part applies. Benefits of this Plan may be reduced.

2. Reduction in this Plan's benefits.

The benefits that would be payable under this Plan without applying coordination of benefits are reduced by the benefits payable under the other plans for the expenses covered in whole or in part under this Plan. This applies whether or not claim is made under a plan.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered is considered both an expense incurred and a benefit payable. When benefits of this Plan are reduced each benefit is reduced in proportion and charged against any applicable benefit limit of this Plan.

If you are eligible to have Medicare pay as your primary health plan, payment under This Plan will be reduced by the amounts Medicare Parts A and B paid or would have paid for covered services.

Right to Receive and Release Needed Information

Certain facts are needed to apply these coordination of benefits rules. Blue Cross has the right to decide which facts are needed. Blue Cross may get needed facts from, or give them to, any other organization or person as necessary to coordinate benefits under this certificate. Blue Cross does not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must give Blue Cross any facts needed to pay the claim.

Facility of Payment

A payment made under another plan may include an amount that should have been paid under this plan. If this happens, Blue Cross may pay that amount to the organization that made that payment. That amount will then be considered a benefit paid under this Plan. Blue Cross will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If Blue Cross pays more than it should have paid under these coordination of benefit rules, it may recover the excess from any of the following:

1. the persons it paid or for whom it has paid;
2. insurance companies; or,
3. other organizations.

The amount paid includes the reasonable cash value of any benefits provided in the form of services.

REIMBURSEMENT AND SUBROGATION

If Blue Cross pays benefits for medical or dental expenses you incur as a result of any act of any person, and you later obtain full compensation, you are obligated to reimburse Blue Cross for the benefits paid. If you receive benefits under this Plan arising out of illness or injury for which a responsible party is or may be liable, we are also entitled to subrogate against any person, corporation and/or other legal entity, or any insurance coverage, including both first- and third-party automobile coverages to the full extent we provided any benefits. Unless we are separately represented by our own attorney, our right to reimbursement and subrogation is subject to you obtaining full recovery, as explained in Minnesota statutes 62A.095 and 62A.096. Our right to subrogation and reimbursement is subject to reduction for first, our pro rata share of costs, disbursements, and then reduced by reasonable attorney fees incurred in obtaining the recovery. For the purposes of this section, full recovery does not include payments made by a health plan to, or for the benefit of, a covered person.

If Blue Cross is separately represented by an attorney, Blue Cross and the covered member, by their attorneys, may enter into an agreement regarding allocation of the covered member's cost, disbursements, and reasonable attorney fees and other expenses. If Blue Cross and the covered member cannot reach agreement on allocation, Blue Cross and the covered member shall submit the matter to binding arbitration.

Notice Requirement

You must provide timely written notice to Blue Cross of the pending or potential claim if you make a claim against a third party for damages that include repayment for medical and medically-related expenses incurred for your benefit. We will take appropriate action to preserve our rights under this Reimbursement and Subrogation section, including our right to intervene in any lawsuit you have commenced.

Duty to Cooperate

You must cooperate with Blue Cross in assisting it to protect its legal rights under this provision. You agree that the limited period in which we may seek reimbursement or to subrogate does not commence to run until you or your attorney has given notice to us of your claim against a third party.

GENERAL PROVISIONS

Filing a Claim and Review Procedure

In-Network providers file your claims for you. If you use an Out-of-Network provider, however, you may have to file the claim yourself. If you notify us of a claim we will send you a claim form within 15 days. Claim forms are also available by calling the toll-free Customer Service telephone number listed in the Customer Service section and on our website at www.bluecrossmn/segip.com. You can also write us at the address listed in the Customer Service section. You must file a written claim within 30 days after a covered service is provided. If this is not reasonably possible, we accept claims for up to 12 months after the date of service. Normally, failure to file a claim within the required time limits will result in denial of your claim. We waive these limits, however, if you cannot file the claim because you are legally incapacitated. You may be required to provide copies of bills, proof of payment, or other satisfactory evidence showing that you have incurred a covered expense that is eligible for reimbursement.

You will receive a written notice of the decision on your claim with 30 business days after we receive the claim and any other required information.

Payment of a claim does not preclude the right of Blue Cross to deny future claims or take any action it determines appropriate, including rescission of the contract and seeking repayment of claims already paid.

Right of Examination

Blue Cross has the right to ask you to be examined by a provider during the review of any claim. Blue Cross will choose the provider and pay for any such exam. Failure to comply with this request may result in denial of your claim.

Release of Records

By your application, you have agreed to allow all providers to give us needed information about the care they provide to you. This includes information about care received prior to my enrollment with Blue Cross, where necessary. We may need this information to process claims, conduct utilization review and quality improvement activities, and for other health plan activities as permitted by law. We keep this information confidential, but we may release it if you authorize release, or if state or federal law permits or requires release without your authorization. If a provider requires special authorization for release of records, you agree to provide this authorization. Your failure to provide authorization or requested information may result in denial of your claim.

Entire Contract

This Certificate, including the endorsements and attached papers if any, the employer application, the employee enrollment form, the ID card, application, and the group contract make up the entire Contract of Coverage. You may ask to see the Group Contract at the Employer's office. This certificate is issued and delivered in the state of Minnesota. It is subject to the substantive laws of the state of Minnesota, without regard to its choice of law principles; and it is not subject to the substantive laws of any other state.

Discretionary Authority

Blue Cross has discretionary authority to determine your eligibility for benefits and to construe the provisions of the Contract and this certificate. All statements made by the creditor, employer, trustee, or any executive officer or trustee on behalf of the group to be insured, shall in the absence of fraud, be deemed representations and not warranties, and that no such statement shall be used in defense to a claim under the contract, unless it is contained in the written application.

Time Limit for Misstatements

If there is any misstatement in the written application you complete, Blue Cross cannot use the misstatement to cancel coverage that has been in effect for, or deny a claim incurred on a date that is on or after two (2) years or more from the initial date of coverage issued as a result of that application. This time limit does not apply to fraudulent misstatements.

Changes to the Group Contract

All changes to the Group Contract must be approved by MMB and attached to the Group Contract. The MMB may add/change eligible classes of employees from time to time, and such changes will be noted in the Group Contract. No agent can legally change the Group Contract or waive any of its terms.

In applying any Deductible or waiting period, Blue Cross gives credit for the full or partial satisfaction of the same or similar provisions under the prior contract.

Whom We Pay

When you receive Covered Services from Participating Providers, Blue Cross pays the Provider directly. When you receive Covered Services from a Nonparticipating Provider, Blue Cross pays you. You may not assign your benefits to a Nonparticipating Provider. This provision may be waived for: ambulance providers in Minnesota and border counties of contiguous states; and certain out-of-state institutional and medical/surgical providers. You also may not assign your right, if any, to commence legal proceedings against Blue Cross.

Blue Cross does not pay claims to providers or to members for services received in countries that are sanctioned by the United States Department of Treasury's Office of Foreign Assets Control (OFAC), except for medical emergency services when payment of such services are authorized by OFAC. Countries currently sanctioned by OFAC include Cuba, Iran, and Syria. OFAC may add or remove countries from time to time.

No Third-Party Beneficiaries

The benefits described in this Plan are intended solely for your benefit. No one else may claim to be a third-party beneficiary of this Plan. No one other than you may bring a lawsuit, claim or any other cause of action related in any way to this Plan, and you may not assign your rights to any other person.

Legal Actions

No action at law or in equity shall be brought to recover on this plan prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this plan. No legal action may be brought after the expiration of three (3) years after the time written proof of loss is required to be furnished.

Plan Change

Nothing in the contract between the state of Minnesota and Blue Cross shall modify, limit or restrict the authority of the Commissioner of MMB as permitted by law to enter into contracts with other carriers or Providers; to remove a health plan from the State Employee Group Insurance Program; and to limit the geographic area serviced by the health plan covering members under the State Employee Group Insurance Program.

Payment of Premiums

Premiums for your coverage must be prepaid.

We have the right to change the rate for all contracts like yours and will notify you in advance of any changes.

Grace Period

After your first payment of premiums, we allow a 31-day grace period for payment. The grace period starts on the day after the due date for payment. You are covered during this grace period provided payment of premiums is made by the end of the grace period. If we do not receive payment by the end of the grace period, your contract lapses retroactively to the date to which coverage has been paid.

APPEAL PROCESS

Introduction

As described below, Blue Cross has two different processes to resolve appeals: one for appeals that do not require a medical determination; and, one for appeals that do require a medical determination. With an exception described below, you are required to submit a first level appeal before you can exercise any other rights to appeal or other review. If the decision on that first level review is wholly or partially adverse to you, you may either file a second level appeal within Blue Cross or you may seek review external to Blue Cross. If you choose to file a second level appeal within Blue Cross, and that decision is wholly or partially adverse to you, you can then seek external review. There is an exception for cases that qualify for an expedited appeal. For those cases, you may seek external review at the same time you request an expedited first level appeal.

You can call or write us with your appeal. We will send an appeal form to you upon request. If you need assistance, we will complete the written appeal form and mail it to you for your signature. We will work to resolve your complaint as soon as possible using the appeal process outlined below.

In addition, you may file your appeal with the Minnesota Commissioner of Commerce at any time by calling 651-539-7600 or toll-free 1-800-657-3602. If you are covered under a Plan offered by the State Health Plan, a city, county, school district, or Service cooperative, you may also contact the U.S. Department of Health and Human Services Insurance Assistance Team at 888-393-2789.

Definitions

Adverse Benefit Determination means a decision relating to a health care Service or Claim that is partially or wholly adverse to the complainant.

Appeal means any grievance that is not the subject of litigation concerning any aspect of the provision of health Services under this booklet. If the appeal is from an applicant, the appeal must relate to the application. If the appeal is from a former member, the appeal must relate to the provision of health Services during the period of time the appellant was a member. Any appeal that requires a medical determination in its resolution must have the medical determination aspect of the appeal processed under the utilization review process described below.

Appellant means a member, applicant, or former member, or anyone acting on his or her behalf, who submits an appeal.

Member means an individual who is covered by a health benefit Plan.

First Level Appeals that do not Require a Medical Determination

First Level Oral Complaint

If you call or appear in person to notify us that you would like to file a complaint, we will try to resolve your oral complaint as quickly as possible. However, if our resolution of your oral complaint is wholly or partially adverse to you, or not resolved to your satisfaction, within 10 days of our receipt of your oral complaint, you may submit a first level appeal in writing. We will provide you an appeal form on which you can include all the necessary information to file your written appeal. If you need assistance, we will complete the written appeal form and

mail it to you for your signature. You must tell us all reasons and arguments in support of your appeal, and you must identify and provide all evidence in support of your appeal unless that evidence is already in our possession.

First Level Written Appeals

If we decide a Claim that is wholly or partially adverse to you, and you wish to appeal, you are required to submit a first level appeal. You may submit your appeal in writing, or you may request an appeal form on which you can include all the necessary information to file your appeal. Your appeal must state all reasons and arguments in support of the appeal, and you must submit all evidence in support of your appeal unless that evidence is already in our possession. Blue Cross will notify you that we have received your written appeal.

We will inform you of our decision and the reasons for the decision within 30 days of receiving your appeal and all necessary information. If we are unable to make a decision within 30 days due to circumstances outside our control, we may take up to 14 additional days to make a decision. If we take more than 30 days to make a decision, we will inform you in advance of the reasons for the extension. You have the right to review the information that we relied on in the course of the appeal.

First Level Appeals That Require a Medical Determination

When a medical determination is necessary to resolve your appeal, we will process your appeal using these utilization review appeal procedures. Utilization review applies a well-defined process to determine whether health care Services are Medically Necessary and Appropriate and eligible for coverage. Utilization review includes a process to appeal decisions not to cover a health care Service. This utilization review process is found under "Prior Authorization" in the "Notification Requirements" section. If we deny your requested service the denial letter will describe the process for initiating an appeal.

Utilization review applies only when the Service requested is otherwise covered under this health care Plan.

In order to conduct utilization review, we will need specific information. If you or your Attending Health Care Provider do not release necessary information, approval of the requested Service, procedure, or admission to a Facility provider may be denied.

Definitions

Attending Health Care Provider means a health care professional with primary responsibility for the care provided to a sick or injured person.

Concurrent review means utilization review conducted during a member's Hospital stay or course of Treatment.

Determination not to certify means that the Service you or your provider has requested has been found to not be Medically Necessary and Appropriate, appropriate, or efficacious under the terms of this health care Plan.

Prior Authorization means utilization review conducted prior to the delivery of a Service, including an outpatient Service.

Provider means a health care professional or Facility provider licensed, certified or otherwise qualified under state law, in the state in which the Services are rendered, to

provide the health Services billed by that provider. Provider also includes pharmacies, medical Supply companies, independent laboratories, and ambulances.

Utilization review means the evaluation of the necessity, appropriateness, and efficacy of the use of health care Services, procedures and facilities, by a person or entity other than the attending Health Care Provider, for the purpose of determining the Medical Necessity and Appropriateness of the Services or admission.

Standard First Level Appeal

You or your Attending Health Care Provider may appeal Blue Cross' initial determination to not certify Services in writing or by telephone. The decision on this first level appeal will be made by a Health Care Provider who did not make the initial determination. We will notify you and your Attending Health Care Provider of our decision within 30 days of receipt of your appeal. If we are unable to make a decision within 30 days due to circumstances outside our control, we may take up to 14 additional days to make a decision. If we take more than 30 days to make a decision, we will inform you of the reasons for the extension. You have the right to review information relied on in making the initial determination.

Expedited First Level Appeal

When Blue Cross' initial determination to not certify a health care Service is made prior to or during an ongoing Service requiring review and the Attending Health Care Provider believes that an expedited appeal is warranted, you and your Attending Health Care Provider may request an expedited appeal. You and your Attending Health Care Provider may appeal the determination over the telephone. Our appeal staff will include the consulting Physician or Health Care Provider if reasonably available. When an expedited appeal is completed, we will notify you and your Attending Health Care Provider of the decision as expeditiously as the member's medical condition requires, but no later than 72 hours from our receipt of the expedited appeal request. If we decline to reverse our initial determination not to certify, you will be notified of your right to submit the appeal to the external review process described below.

Second Level Appeals to Blue Cross Internal Appeals Committee

If our final decision on your first level appeal is wholly or partially adverse to you, you may appeal our final decision through External Review, as described below. Alternatively, you may voluntarily appeal to our internal appeals committee (second level appeal), as described in this section, before seeking External Review. If you appeal to our internal appeals committee, you may either have the appeal decided solely on the written submissions or you may request a hearing in addition to your written submissions. You may receive continued coverage pending the outcome of the appeals process. You may request a form that on which you can include all the information necessary for your appeal. During the course of our review, we will provide you with any new evidence that we consider or rely upon, as well as any new rationale for a decision. If our decision is wholly or partially adverse to you, the notice will advise you of how to submit the decision to External Review as described below. If you request, we will provide you a complete summary of the appeal decision.

The request for a first, and any second, level appeal should include:

- the member's name, identification number and group number
- the actual Service for which coverage was denied

- a copy of the denial letter
- the reason why you or your Attending Health Care Provider believe coverage for the Service should be provided
- any available medical information to support your reasons for reversing the denial
- any other information you believe will be helpful to the decision maker

Blue Cross will notify you that we have received your second level appeal. You may present evidence in the form of written correspondence, including explanations or other information from you, staff persons, administrators, providers, or other persons. If your appeal is decided solely on the written submissions, you may also present testimony by telephone to a Blue Cross Appeal Liaison.

Within 30 days of receiving your second level appeal and all necessary information, we will notify you in writing of our decision and the reasons for the decision. If you request, we will provide you a complete summary of the appeal decision.

If you request a hearing, you or any person you choose may present testimony or other information. We will provide you written notice of our decision and all key findings within 45 days after we receive your written request for a hearing.

External Review

You must exhaust your first level appeals option prior to requesting External Review unless: 1) Blue Cross waives the exhaustion requirement in writing; 2) Blue Cross substantially fails to comply with required procedures; or, 3) you qualified for and applied for an Expedited First Level Appeal of a medical determination and applied for an Expedited External Review at the same time.

If your appeal concerns a complaint decision relative to a health care service or claim and you believe Blue Cross' appeal determination is wholly or partially adverse to you, you or anyone you authorize to act on your behalf may submit the appeal to external review. You must request External Review within six (6) months from the date of the adverse determination. External review of your appeal will be conducted by an independent organization under contract with the state of Minnesota. The written request must be submitted to the Minnesota Commissioner of Commerce along with a \$25 filing fee. You will not be subject to filing fees totaling more than \$75 per policy year. The Commissioner may waive the fee in cases of financial hardship. Blue Cross will refund the fee if our determination is reversed by the external reviewer.

 St. Paul, Minnesota 55101-2198
 651-539-1600 or toll free 1-800-657-3602

The external review entity will notify you and Blue Cross that it has received your request for external review. Within 10 business days of receiving notice from the external review entity, you and Blue Cross must provide the external review entity and information to be considered. Both you and Blue Cross will be able to present a statement of facts and arguments. You may be assisted or represented by any person of your choice at your

expense. The external review entity will send written notice of its decision to you, Blue Cross, and the Commissioner within 45 days of receiving the request for external review. The external review entity's decision is binding on Blue Cross, but not binding on you.

Expedited External Review

Expedited external review will be provided if you request it after receiving an adverse determination that involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have simultaneously requested an expedited internal appeal. Expedited external review will also be provided after receiving an adverse benefit determination that concerns (i) an admission, availability of care, continued stay, or health care Services for which you received emergency Services but have not yet been discharged from a Facility provider; or, (ii) a medical condition of which the standard external review time would seriously jeopardize your life or health or jeopardize your ability to regain maximum function.

The external review entity must make its expedited determination to uphold or reverse the adverse benefit determination as expeditiously as possible but within no more than 72 hours after receipt of the request for expedited review and notify you and Blue Cross of the determination. If the external review entity's notification is not in writing, the external review entity must provide written confirmation of the determination within 48 hours of the notification.

The appeals and determination processes described above are subject to change if required or permitted by changes in state or federal law governing appeal procedures.

DEFINITIONS

Please refer to the Benefit Chart for specific benefits and payment information.

Accountable Care Organization (ACO)	A group of physicians, other health care professionals, hospitals, and other health care providers that accept a shared responsibility to deliver a broad set of medical services to a defined set of patients.
Admission	A period of one (1) or more days and nights while you occupy a bed and receive inpatient care in a facility.
Advanced Practice Nurses	Licensed registered nurses who have gained additional knowledge and skills through an organized program of study and clinical experience that meets the criteria for advanced practice established by the professional nursing organization having the authority to certify the registered nurse in the advanced nursing practice. Advance practice nurses include clinical nurse specialists (C.N.S.), nurse practitioners (N.P.), certified registered nurse anesthetists (C.R.N.A.), and certified nurse midwives (C.N.M.)
Allowed Amount	<p>The amount that payment is based on for a given covered service for a specific provider. The allowed amount may vary from one provider to another for the same service. All benefits are based on the allowed amount, except as specified in the "Benefit Chart."</p> <p>For Participating Providers, the allowed amount is the negotiated amount of payment that the Participating Provider has agreed to accept as full payment for a covered service at the time your claim is processed. We periodically may adjust the negotiated amount of payment at the time your claim is processed for covered services at Participating Providers as a result of expected settlements or other factors. The negotiated amount of payment with Participating Providers for certain covered services may not be based on a specified charge for each service, and we use a reasonable allowance to establish a per-service allowed amount for such covered services. Through annual or other global settlements, rebates, prospective payments, or other methods, we may adjust the amount due to Participating Providers without reprocessing individual claims. These adjustments will not cause any change in the amount you paid at the time your claim is processed. If the payment to the provider is decreased, the amount of the decrease is credited to us, and the percentage of the allowed amount paid by us is lower than the stated percentage for the covered service. If the payment to the provider is increased, we pay that cost on your behalf, and the percentage of the allowed amount paid by us is higher than the stated percentage.</p>

Qualifications Applicable to All Nonparticipating Providers

For Nonparticipating Providers, the Allowed Amount is determined by the provider type, provider location, and the availability of certain pricing methods. The Allowed Amount may not necessarily be based upon or related to a usual, customary or reasonable charge. The Plan will pay the stated percentage of the Allowed Amount for a Covered Service. In most

cases, the Plan will pay this amount to you. The determination of the Allowed Amount is subject to all business rules as defined in our Provider Policy and Procedure Manual. As a result, we may bundle services, take multiple procedure discounts and/or other reductions as a result of the procedures performed and billed on the claim. No fee schedule amounts include any applicable tax.

The Allowed Amount for Nonparticipating Providers in Minnesota

For Nonparticipating Provider services within Minnesota, except those described under Special Circumstances below, the Allowed Amount will be an amount based upon one of the following payment options to be determined at Blue Cross' discretion: (1) a percentage, not less than 100%, of the Medicare Allowed Charge for the same or similar service; (2) a percentage, not less than 100% of the Medicare Advantage Allowed Charge for the same or similar service; (3) a percentage of billed charges; or, (4) pricing based upon a nationwide provider reimbursement database. The payment option selected by Blue Cross may result in an Allowed Amount that is a lower amount than if calculated by another payment option. When the Medicare Allowed Charge or Medicare Advantage Allowed Charge is not available, the pricing method is determined by factors such as type of service, place of service, reason for care, and type of provider at the point the claim is received by Blue Cross.

The Allowed Amount for All Nonparticipating Provider Services outside Minnesota

For Nonparticipating Provider services outside of Minnesota, except those described under Special Circumstances below, the allowed amount will be based upon one of the following payment options to be determined at Blue Cross' discretion: (1) a percentage, not less than 100%, of the Medicare allowed charge for the same or similar service; (2) a percentage, not less than 100% of the Medicare Advantage Allowed Charge for the same or similar service; (3) a percentage of billed charges; or, (4) pricing based upon a nationwide provider reimbursement database. The payment option selected by Blue Cross may result in an Allowed Amount that is a lower amount than if calculated by another payment option. When the Medicare Allowed Charge or Medicare Advantage Allowed Charge is not available, the pricing method is determined by factors such as type of service, place of service, reason for care, and type of provider at the point the claim is received by Blue Cross.

Special Circumstances

There may be circumstances where you require immediate medical or surgical care and you do not have the opportunity to select the provider of care. For example, some hospital-based providers (e.g., anesthesiologists) or independent Lab providers may not be participating providers. Typically, when you receive care from nonparticipating providers, you are responsible for the difference between the Allowed Amount and the provider's billed charges. However, in circumstances where you needed care such as in a participating hospital, and were not able to choose the

provider who rendered such care (Nonparticipating Providers in a participating hospital or your participating Physician sending lab samples to a Nonparticipating Lab), Minnesota law provides that you are not responsible for any amounts above what would have been required to pay (such as cost sharing and deductibles) had you used a Participating Provider, unless you gave advance written consent to the Nonparticipating Provider. If you receive a bill from a Nonparticipating Provider while using a participating hospital or facility, and you did not provide written consent to receive the Nonparticipating Provider's services, you should submit the bill to Blue Cross for processing. If you have questions, please contact Customer Service. The extent of reimbursement in these circumstances may also be subject to federal law. The extent of reimbursement in certain Medical Emergency circumstances may also be subject to state and federal law – please refer to "Emergency Care" for coverage of benefits.

If you have questions about the benefits available for services to be provided by a Nonparticipating Provider, you will need to speak with your provider and you may call Customer Service at the telephone number on the back of your member ID card for more information.

Attending Health Care Professional	A health care professional with primary responsibility for the care provided to a sick or injured person.
Audiologist	A person who has a certificate of clinical competence in audiology from the American-Speech-Language-Hearing Association.
Audiologist Evaluation	A hearing test and an assessment by a licensed audiologist or otolaryngologist of communication problems caused by hearing loss.
Behavioral Health Network Provider	A health care professional that participates in a special network for the provision of mental health or chemical dependency treatment services.
Benefit Chart	The schedule that lists benefit and covered services.
Calendar Year	The period starting on January 1 st of each year and ending at midnight December 31 st of that year.
Care/Case Management Plan	A plan for health care services developed for a specific patient by one of our care/case managers after an assessment of the patient's condition in collaboration with the patient and the patient's health care team. The plan sets forth both the immediate and the ongoing skilled health care needs of the patient to sustain optimal health status.
Care Coordination	Organized, information-driven patient care activities intended to facilitate the appropriate responses to your health care needs across the continuum of care.

Certification of Coverage	A form which will be issued when health coverage is terminated under the certificate. This Certification of Coverage form will contain the necessary information a new health plan will need to apply the appropriate credit toward the new health plan's preexisting condition limitation period.
Chemical Dependency	Alcohol or drug dependence as defined in the <i>International Classification of Diseases (ICD) and Diagnostic and Statistical Manual for Mental Disorders (DSM)</i> .
Claim	<p>A claim is a written submission from your provider (or from you when you use Nonparticipating Providers) to us. Most claims are submitted electronically. The claim tells us what services the provider delivered to you. In some cases, we may require additional information from the provider or you before a determination can be made. When this occurs, work with your provider to return the information to us promptly. If the provider delivered a service that is a non-covered benefit, the claim will deny, meaning no payment is allowed.</p> <p>Providers are required to use certain codes to explain the care they give you. The provider's medical record must support the codes being used. We may not change the codes a provider uses on a claim. If you believe your provider has not used the right codes on your claim, you will need to talk to your provider.</p>
Claims Administrator	Blue Cross and Blue Shield of Minnesota (Blue Cross).
Coinsurance	<p>The percentage of the allowed amount you must pay for certain covered services after you have paid any applicable deductibles and copays until you reach your out-of-pocket maximum. For covered services from Participating Providers, coinsurance is calculated based on the lesser of the allowed amount or the Participating Provider's billed charge. Because payment amounts are negotiated with Participating Providers to achieve overall lower costs, the allowed amount for Participating Providers is generally, but not always, lower than the billed charge. However, the amount used to calculate your coinsurance will not exceed the billed charge. When your coinsurance is calculated on the billed charge rather than the allowed amount for Participating Providers, the percentage of the allowed amount paid by Blue Cross will be greater than the stated.</p> <p>For covered services from Nonparticipating Providers, coinsurance is calculated based on the allowed amount. In addition you are responsible for any excess charge over the allowed amount.</p> <p>Your coinsurance and deductible amount will be based on the negotiated payment amount Blue Cross has established with the provider or the provider's charge, whichever is less. The negotiated payment amount includes discounts that are known and can be calculated when the claim is processed. In some cases, after a claim is processed, that negotiated payment amount may be adjusted at a later time if the agreement with the provider so provides. Coinsurance and deductible calculation will not be changed by such subsequent adjustments or any other subsequent reimbursements Blue Cross may receive from other parties.</p>

Coinsurance Example:

You are responsible for payment of any applicable coinsurance amounts for covered services. The following is an example of how coinsurance would work for a typical claim:

For instance, when Blue Cross pays 80% of the allowed amount for a covered service, you are responsible for the coinsurance, which is 20% of the allowed amount. In addition, you would be responsible for any excess charge over Blue Cross' allowed amount when a Nonparticipating Provider is used. For example, if a Nonparticipating Provider ordinarily charges \$100 for a service, but Blue Cross' allowed amount is \$95, Blue Cross will pay 80% of the allowed amount (\$76). You must pay the 20% coinsurance on the Blue Cross' allowed amount (\$19), plus the difference between the billed charge and the allowed amount (\$5), for a total responsibility of \$24.

Remember, if Participating Providers are used, your share of the covered charges (after meeting any deductibles) is limited to the stated coinsurance amounts based on the Blue Cross allowed amount. If Nonparticipating Providers are used, your out-of-pocket costs will be higher as shown in the example above.

Comprehensive Pain Management Program

A multidisciplinary program including, at a minimum, the following components:

1. a comprehensive physical and psychological evaluation;
2. physical/occupational therapies;
3. a multidisciplinary treatment plan; and,
4. a method to report clinical outcomes.

Coordinated Plan Deductible

The amount you must pay toward the allowed amount for certain covered services each benefit year before Blue Cross begins to pay benefits. Deductibles are shown in the Benefit Chart.

Cosmetic Surgery

Surgery and other cosmetic health services which are chiefly intended to improve appearance and are not medically necessary as determined by Blue Cross.

Covered Services

A health service or supply that is eligible for benefits when performed and billed by an eligible provider. You incur a charge on the date a service is received or, a supply or drug is purchased.

Custodial Care

Services that we determine are for the primary purpose of meeting personal needs. These services can be provided by persons without professional skills or training. Custodial care does not include skilled care. Custodial care includes giving medicine that can usually be taken without help, preparing special foods, helping you to walk, get in and out of bed, dress, eat, bathe, and use the toilet.

Deductible

The amount you must pay toward the allowed amount for certain covered services each year before we begin to pay benefits. The deductible is the same as the Coordinated Plan deductible. The deductibles for each person and family are shown on the Benefit Chart. The dollar amount reimbursed or paid by a Coupon will not count toward your deductible.

Your coinsurance and deductible amount will be based on the negotiated payment amount Blue Cross has established with the provider or the provider's charge, whichever is less. The negotiated payment amount includes discounts that are known and can be calculated when the claim is processed. In some cases, after a claim is processed, that negotiated payment amount may be adjusted at a later time if the agreement with the provider so provides. Coinsurance and deductible calculation will not be changed by such subsequent adjustments or any other subsequent reimbursements Blue Cross may receive from other parties.

Durable Medical Equipment

Medical equipment prescribed by a physician that meets each of the following requirements:

1. able to withstand repeated use;
2. used primarily for a medical purpose;
3. generally not useful in the absence of illness or injury;
4. determined to be reasonable and necessary; and,
5. represents the most cost-effective alternative.

Enrollment Date

The first day of coverage, or if there is a waiting period, the first day of the waiting period (typically the date employment begins).

E-Visit

A patient initiated, limited online evaluation and management health care service provided by a physician or other qualified health care Provider using the Internet or similar secure communications network to communicate with an established patient.

Facility

A provider that is a hospital, skilled nursing facility, residential behavioral health treatment facility, or outpatient behavioral health treatment facility licensed under state law in the state in which it is located to provide the health services billed by that facility. Facility may also include a licensed home infusion therapy provider, freestanding ambulatory surgical center, a home health agency, or freestanding birthing center when services are billed on a facility claim.

Foot Orthoses

Appliances or devices used to stabilize, support, align, or immobilize the foot in order to prevent deformity; protect against injury; or assist with function. Foot orthoses generally refer to orthopedic shoes and devices or inserts that are placed in shoes including heel wedges and arch supports. Foot orthoses are used to decrease pain, increase function, correct some foot deformities, and provide shock absorption to the foot. Orthoses can be classified as pre-fabricated or custom-made. A pre-fabricated orthosis is manufactured in quantity and not designed for a specific patient. A custom-fitted orthosis is specifically made for an individual patient.

Freestanding Ambulatory Surgical Center

A provider that facilitates medical and surgical services to sick and injured persons on an outpatient basis. Such services are performed by or under the direction of a staff of licensed doctors of medicine (M.D.) or osteopathy (D.O.) and/or registered nurses (R.N.). A freestanding ambulatory surgical center is not part of a hospital, a clinic, a doctor's office, or other health care professional's office.

Group Contractholder	The employer to which the group contract is issued.
Group Member	The member for whom coverage has been provided by the group contractholder or association.
Habilitative Services	Services, including devices, that are expected to make measurable or sustainable improvement within a reasonable period of time and assist a member to attain, maintain, or improve daily living skills or functions never learned or acquired due to a disabling condition.
Health Care Professional	A health care professional, licensed for independent practice, certified or otherwise qualified under state law, in the state in which the services are rendered, to provide the health services billed by that health care professional. Health care professionals include only physicians, chiropractors, mental health professionals, advanced practice nurses, physician assistants, audiologists, physical, occupational and speech therapists, licensed nutritionists, licensed registered dieticians, and licensed acupuncture practitioners. Health care professional also includes supervised employees of: Minnesota Rule 29 behavioral health treatment facility licensed by the Minnesota Department of Human Services and doctors of medicine, osteopathy, chiropractic, or dental surgery.
Hearing Aid	A monaural hearing aid, set of binaural hearing aids, or other device worn by the recipient to improve access to and use of auditory information.
Hearing Aid Accessory	Chest harness, tone and ear hooks, carrying cases, and other accessories necessary to use the hearing aid, but not included in the cost of the hearing aid.
Home Health Agency	A Medicare-approved facility that sends health professionals and home health aides into a person's home to provide health services.
Hospice Care	A coordinated set of services provided at home or in an inpatient hospital setting for covered individuals suffering from a terminal disease or condition.
Hospital	A facility that provides diagnostic, therapeutic and surgical services to sick and injured persons on an inpatient or outpatient basis. Such services are performed by or under the direction of a staff of licensed doctors of medicine (M.D.) or osteopathy (D.O.). A hospital provides 24-hour-a-day professional registered nursing (R.N.) services.
Illness	A sickness, injury, pregnancy, mental illness, chemical dependency, or condition involving a physical disorder.
Investigative	A drug, device, diagnostic procedure, technology, or medical treatment or procedure is investigative if reliable evidence does not permit conclusions concerning its safety, effectiveness, or effect on health outcomes. We base our decision upon an examination of the following reliable evidence, none of which is determinative in and of itself:

1. the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished;
2. the drug, device, diagnostic procedure, technology, or medical treatment or procedure is the subject of ongoing phase I, II, or III clinical trials (Phase I clinical trials determine the safe dosages of medication for Phase II trials and define acute effects on normal tissue. Phase II clinical trials determine clinical response in a defined patient setting. If significant activity is observed in any disease during Phase II, further clinical trials usually study a comparison of the experimental treatment with the standard treatment in Phase III trials. Phase III trials are typically quite large and require many patients to determine if a treatment improves outcomes in a large population of patients);
3. medically reasonable conclusions establishing its safety, effectiveness or effect on health outcomes have not been established. For purposes of this subparagraph, a drug, device, diagnostic procedure, technology, or medical treatment or procedure shall not be considered investigative if reliable evidence shows that it is safe and effective for the treatment of a particular patient.

Reliable evidence shall also mean consensus opinions and recommendations reported in the relevant medical and scientific literature, peer-reviewed journals, reports of clinical trial committees, or technology assessment bodies, and professional expert consensus opinions of local and national health care providers.

Lifetime Maximum

The cumulative maximum payable for covered services incurred by you during your lifetime under this Plan. The lifetime maximum does not include amounts which are your responsibility such as deductibles, coinsurance, copays, penalties and other amounts. Refer to the Benefit Chart for specific dollar maximums on certain services.

Maintenance Services

Services that are neither habilitative nor rehabilitative that are not expected to make measurable or sustainable improvement within a reasonable period of time, unless they are medically necessary and part of specialized therapy for the member's condition.

Medical Emergency

Medically necessary care which a reasonable lay person believes is immediately necessary to preserve life, prevent serious impairment to bodily functions, organs, or parts, or prevent placing the physical or mental health of the member in serious jeopardy.

Medically Necessary and Appropriate (Medical Necessity and Appropriateness)

With respect to services other than mental health care services: Services, supplies or covered medications that a provider, exercising prudent clinical judgment, would provide to a member for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are (a) in accordance with generally accepted standards of medical practice; (b) clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the member's illness, injury or disease; and (c) not primarily for the convenience of the member, physician, or other health care provider, and

not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that member's illness, injury or disease. Blue Cross reserves the right, utilizing the criteria set forth in this definition, to render the final determination as to whether a Service, Supply or covered medication is Medically Necessary and Appropriate. No benefits will be provided unless Blue Cross determines that the Service, Supply or covered medication is Medically Necessary and Appropriate.

With respect to mental health care Services: Services appropriate, in terms of type, frequency, level, setting, and duration, to the member's diagnosis or condition, and diagnostic testing and preventive Services. Medically Necessary and Appropriate care must be consistent with generally accepted practice parameters as determined by health care Providers in the same or similar general specialty as typically manages the condition, procedure, or Treatment at issue and must:

- (1) help restore or maintain the member's health; or
- (2) prevent deterioration of the member's condition.

Medicare

A federal health insurance program established under Title XVIII of the Social Security Act. Medicare is a program for people age 65 or older; some people with disabilities under age 65; and people with end stage renal disease. The program includes Part A, Part B, and Part D. Part A generally covers some costs of inpatient care and skilled nursing facilities. Part B generally covers some costs of physician, medical, and other services. Part D generally covers outpatient prescription drugs defined as those drugs covered under the Medicaid program plus insulin, insulin related supplies, certain vaccines, and smoking cessation agents. Medicare Parts A, B, and D do not pay the entire cost of services and are subject to cost sharing requirements and certain benefit limitations.

**Mental Health
Care
Professional**

A psychiatrist, psychologist, independent social worker, licensed professional counselor, marriage and family therapist, or clinical nurse specialist licensed for independent practice that provides treatment for mental disorders.

Mental Illness

A mental disorder as defined in the *International Classification of Diseases (ICD)* and *Diagnostic and Statistical Manual for Mental Disorders (DSM)*. Mental disorder does not include alcohol or drug dependence, nondependent abuse of drugs, or mental retardation.

**Nonparticipating
Provider**

A provider that has not entered into a network contract with us or the local Blue Cross and/or Blue Shield Plan.

Otolaryngologist

A physician specializing in diseases of the ear and larynx who is certified by the American Board of Otolaryngology or eligible for board certification.

Out-of-Pocket Maximum	The most each person must pay each calendar year toward the allowed amount for certain covered services. After a person reaches the out-of-pocket maximum, the Plan pays 100% of the allowed amount for certain covered services for that person for the rest of the calendar year. The "Benefit Chart" lists the out-of-pocket maximum amounts. The dollar amount reimbursed or paid by a Coupon will not count toward your out-of-pocket maximum.
Outpatient Behavioral Health Treatment Facility	A facility that provides outpatient treatment, by or under the direction of, a doctor of medicine (M.D.) or osteopathy (D.O.), for mental health disorders, alcoholism, chemical dependency, or drug addiction. An outpatient behavioral health treatment facility does not, other than incidentally, provide educational or recreational services as part of its treatment program.
Outpatient Care	Health services a patient receives without being admitted to a facility as an inpatient. Care received at ambulatory surgery centers is considered outpatient care.
Palliative Care	Any eligible treatment or service specifically designed to alleviate the physical, psychological, psychosocial, or spiritual impact of a disease, rather than providing a cure for members with a new or established diagnosis of a progressive, debilitating illness. Services may include medical, spiritual, or psychological interventions focused on improving quality of life by reducing or eliminating physical symptoms, enabling a patient to address psychological and spiritual problems, and supporting the patient and family.
Participating Provider	A provider who has entered into a network contract with us or the local Blue Cross and/or Blue Shield Plan.
Physician	A doctor of medicine (M.D.), osteopathy (D.O.), dental surgery (D.D.S.), medical dentistry (D.M.D.), podiatric medicine (D.P.M.), or optometry (O.D.) practicing within the scope of his or her license.
Place of Service	Industry standard claim submission standards (established by the Medicare program) used by clinic and hospital providers. Providers use different types of claim forms to bill for services based on the "place of service." Generally, the place of service is either a clinic or facility. The benefit paid for a service is based on provider billing and the place of service. For example, the benefits for diagnostic imaging performed in a physician's office may be different than diagnostic imaging delivered in an outpatient setting.
Plan	The Plan of benefits established by the plan administrator.
Provider	A health care professional or facility licensed, certified or otherwise qualified under state law, in the state in which the services are rendered to provide the health services billed by that provider and a health care facility licensed under law in the state in which it is located tp provide the health services billed by that facility. Provider includes pharmacies, medical

	supply companies, independent laboratories, ambulances, freestanding ambulatory surgical centers, home infusion therapy providers, and also includes home health agencies.
Rehabilitative Services	Services, including devices, that are expected to make measurable or sustainable improvement within a reasonable period of time and assist a member to regain, maintain, or prevent deterioration of daily living skills or functions acquired but then lost or impaired due to an illness, injury, or disabling condition.
Residential Behavioral Health Treatment Facility	A facility licensed under state law in the state in which it is located that provides inpatient treatment, by or under the direction of, a doctor of medicine (M.D.) or osteopathy (D.O.), for mental health disorders, alcoholism, chemical dependency or drug addiction. The facility provides continuous, 24-hour supervision by a skilled staff who are directly supervised by health care professionals. Skilled nursing and medical care are available each day. A residential behavioral health treatment facility does not, other than incidentally, provide educational or recreational services as part of its treatment program.
Respite Care	Short-term inpatient or home care provided to the patient when necessary to relieve family members or other persons caring for the patient.
Retail Health Clinic	A clinic, also referred to as a convenience clinic, located in a retail establishment or worksite. The clinic provides medical services for a limited list of eligible symptoms (e.g., sore throat, cold). If the presenting symptoms are not on the list, the member will be directed to seek services from a physician or hospital. Retail Health Clinics are staffed by eligible nurse practitioners or other eligible providers that have a practice arrangement with a physician. The list of available medical services and/or treatable symptoms is available at the Retail Health Clinic. Access to Retail Health Clinic services is available on a walk-in basis.
Services	Health care services, procedures, treatments, durable medical equipment, medical supplies, articles and prescription drugs.
Skilled Care	Services rendered other than in a Skilled Nursing Facility that are medically necessary and provided by a licensed nurse or other licensed health care professional. A service shall not be considered skilled care merely because it is performed by, or under the direct supervision of, a licensed nurse. Services such as tracheotomy suctioning or ventilator monitoring that can be safely and effectively performed by a non-medical person (or self-administered) without direct supervision of a licensed nurse, shall not be regarded as skilled care, whether or not a licensed nurse actually provides the service. The unavailability of a competent person to provide a non-skilled service shall not make it skilled care when a licensed nurse provides the service. Only the skilled care component(s) of combined services that include non-skilled care are covered under the Plan.

Skilled Nursing Care – Extended Hours	Extended hours home care (skilled nursing services) are continuous and complex skilled nursing services greater than two (2) consecutive hours per date of service in the member's home. Extended hours skilled nursing care services provide complex, direct, skilled nursing care to develop caregiver competencies through training and education to optimize the member's health status and outcomes. The frequency of the nursing tasks is continuous and temporary in nature and is not intended to be provided on a permanent, ongoing basis.
Skilled Nursing Care – Intermittent Hours	Intermittent skilled nursing services consist of up to two (2) consecutive hours per date of service in the member's home provided by a licensed registered nurse or licensed practical nurse who are employees of an approved home health care agency.
Skilled Nursing Facility	A Medicare-approved facility that provides skilled transitional care, by or under the direction of a doctor of medicine (M.D.) or osteopathy (D.O.), after a hospital stay. A skilled nursing facility provides 24-hour-a-day professional registered nursing (R.N.) services.
Social Security Disability	Total disability as determined by Social Security.
Supervised Employees	Health care professionals employed by a doctor of medicine, osteopathy, chiropractic, or dental surgery or a Minnesota Rule 29 behavioral health treatment facility licensed by the Minnesota Department of Human Services. The employing M.D., D.O., D.C., D.D.S. or mental health professional must be physically present and immediately available in the same office suite more than 50% of each day when the employed health care professional is providing services. Independent contractors are not eligible.
Supply	Equipment that must be medically necessary for the medical treatment or diagnosis of an illness or injury, or to improve functioning of a malformed body part. Supplies are not reusable, and usually last for less than one (1) year. Supplies do not include such things as: <ol style="list-style-type: none"> 1. alcohol swabs; 2. cotton balls; 3. incontinence liners/pads; 4. Q-tips; 5. adhesives; or, 6. informational materials.
Telemedicine Services	Telemedicine Services may also be referred to as televideo consultations or telehealth services. These services provide real-time interaction between a Physician/medical practitioner and the member both of whom are not in the same location, but are actively communicating through interactive audio and video channels.
Terminally Ill Patient	An individual who has a life expectancy of six (6) months or less, as certified by the person's primary physician.

Treatment	The management and care of a patient for the purpose of combating an illness. Treatment includes medical care, surgical care, diagnostic evaluation, giving medical advice, monitoring, and taking medication.
Value-Based Program	An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.
