STEP 1: CHOOSE A NETWORK

AWARE[®] NETWORK

The Aware Network offers easy access and the broadest network with the most healthcare providers across the state and is paired with BlueAccessSM products.

HIGH VALUE NETWORK

The High Value Network offers access to providers across the state and pairs with High Value products. This network offers more cost savings with a limited network of providers.

Both networks** include coverage while traveling outside of Minnesota. When you travel outside the state, you have access to 1.7 million providers spanning every U.S. ZIP code through the national BlueCard[®] PPO network. In addition, Blue Cross Blue Shield Global[®] Core gives you access to care in 190 countries and territories worldwide.

| Total Number of Enrolled Contracts | Maximum Number of Plans |
|------------------------------------|-------------------------|
| 2 – 9 | 2 |
| 10 – 50 | 4 |

Example:
 \$500 Gold Plan with Aware and High Value = 2 Plans
 \$1,000 Gold Plan with Aware and High Value = 2 Plans
 Total = 4 Plans

**The Aware and High Value networks include providers one county into the neighboring states of Iowa, South Dakota, North Dakota and Wisconsin. When seeking care in these counties, search for providers using the specific network name, not BlueCard PPO. Blue Cross Blue Shield Global Core is a registered mark of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and/or Blue Shield plans.

WANT WORLDWIDE TRAVEL COVERAGE?

GeoBlue[®] offers a wide range of individual products for coverage while traveling outside the United States. Learn more at bluecrossmn.com/geoblue.

GeoBlue is the trade name of Worldwide Insurance Services, LLC (Worldwide Services Insurance Agency, LLC in California and New York), an independent licensee of the Blue Cross and Blue Shield Association. GeoBlue is the administrator of coverage provided under insurance policies issued by 4 Ever Life International Limited, Bermuda, an independent licensee of the Blue Cross and Blue Shield Association.

This is only a summary. For more information including benefit highlights, go to bluecrossmn.com/shop-plans.

The benefit booklet includes complete details of what is and isn't covered. Services not covered include, but are not limited to, adult eyewear, adult dental, custodial care, bariatric surgery, infertility, hearing aids, items primarily used for a nonmedical purpose, over-the-counter drugs (except as specified in the benefit booklet), nutritional supplements, services that are cosmetic, experimental, not medically necessary, or covered by workers' compensation or no-fault auto insurance.

HMO Minnesota, d.b.a. Blue Plus, an affiliate of Blue Cross® and Blue Shield® of Minnesota. Each healthcare provider is an independent contractor and not our agent. Nonparticipating providers do not have contracts with Blue Cross and Blue Shield of Minnesota. Benefits are effective January 1, 2023.

Consumer price index annual adjustment: The deductible, copay and out-of-pocket maximum amounts are subject to annual adjustments. These adjustments are based on the medical care component of the consumer price index (CPI) published by the U.S. Department of Labor. These annual adjustments are effective on the annual renewal date.

Your out-of-pocket costs depend on the network status of your provider. To check if your provider is in network, visit bluecrossmn.com.

Lowest out-of-pocket costs: in-network providers

Higher out-of-pocket costs: out-of-network participating providers

Highest out-of-pocket costs: out-of-network nonparticipating providers. You are responsible for the difference between Blue Cross' allowed amount and the amount billed by nonparticipating providers. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Cross' allowed amount, which is typically lower than the amount billed by the provider.

WORDS TO KNOW

Deductible The annual amount paid toward eligible healthcare services each year before the health plan begins to pay.

• **Deductible – Embedded**

Each individual in the family pays all costs from providers up to the individual deductible amount before the plan begins to pay, with a maximum combined deductible for the family at the family deductible amount.

• **Deductible – Non-Embedded**

The family pays all costs from providers up to the family deductible amount before the plan begins to pay. The single deductible applies to single coverage only.

Copay A payment, usually a fixed amount, made on a per-service or per-prescription basis.

Coinsurance The percentage of covered healthcare paid for after reaching the plan's annual deductible. Example: 20%/80% means a member would pay 20 percent and the plan pays 80 percent of the allowed amount.

Formulary A list of drugs covered by the plan. Formularies are approved by the federal government and have different tiers of drugs that are covered.

Out-of-pocket maximum The most a member will pay each year toward allowed healthcare and prescription drug costs. Once the out-of-pocket maximum is reached, the health plan pays 100 percent until the end of the calendar or benefit year.

• **Out-of-pocket maximum – Embedded**

Each individual in the family only pays any applicable cost sharing up to the individual out-of-pocket maximum, and the entire family only pays any applicable cost sharing up to the family out-of-pocket maximum.

• **Out-of-pocket maximum – Non-Embedded**

The family pays all applicable cost sharing up to the family out-of-pocket maximum. The single out-of-pocket maximum applies to single coverage only.

Health reimbursement arrangement (HRA)

A financial reimbursement plan funded by the employer. The funds can be used to reimburse out-of-pocket medical expenses, such as deductibles, coinsurance, copays and pharmacy expenses.

Health savings account (HSA)

An account belonging to each employee that works like a bank account with tax advantages. It can be used to cover deductibles, coinsurance, copays and certain non-covered services.

- If the Employer/Group fails to provide Blue Cross with the information required pursuant to Minnesota Statutes, section 62L.07
- Under all plans, the best benefits are available when using network providers. If members seek care from out-of-network providers, they may incur greater out-of-pocket expense or no coverage.
