## B. Background Information about SecureBlue's Network Providers

### B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports (LTSS), supplies, prescription drugs, equipment, and other services.
  - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a SecureBlue member.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a doctor who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **prior authorization** to see a specialist or someone that is not your PCP. A **prior authorization** means that **SecureBlue** (not your network PCP) must give you approval **before** we will cover a specific

**If you have questions**, please call SecureBlue Member Services at 1-888-740-6013, TTY 711, 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday (except holidays) from April 1 through September 30. The call is free. **For more information**, visit [bluecrossmn.com/secureblue](http://bluecrossmn.com/secureblue).

service, item, or drug or an out-of-network provider. If you don't get a prior authorization, SecureBlue may not cover the service, item, or drug.

- Prior authorization are **not** needed for:
  - emergency care;
  - urgently needed care;
  - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
  - services from a women's health specialist.
- Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on prior authorization is available in Chapter 3 of the *Member Handbook*.
- You will also be assigned a Care Coordinator. Everyone involved in your care plan works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members involved in your care plan may include:
  - A **Care Coordinator** that helps you manage your medical providers and services.
    - Your **Collaborative Care Plan** is an ongoing action plan that addresses your healthcare needs. Your care coordinator will work with you to create a person-centered Care Plan that includes your healthcare goals and the resources, supports, and services you need to achieve them. Your Care Plan will be updated as your healthcare needs change.
  - Your **Primary Care Provider**

**If you have questions**, please call SecureBlue Member Services at 1-888-740-6013, TTY 711, 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday (except holidays) from April 1 through September 30. The call is free. **For more information**, visit [bluecrossmn.com/secureblue](http://bluecrossmn.com/secureblue).

Your Care Coordinator will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you will get the right provider to help you with your concerns.

## **B2. Wait times for primary care and behavioral health**

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention;
- within 30 days for routine and preventative care.

## **B3. How to choose a Primary Care Provider (PCP)**

First, you should choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

When you become a member of our plan, you will choose a provider who is part of our plan network. This provider will be your Primary Care Provider.

To choose a PCP, refer to the list of providers in Section C1 and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.

number listed at the bottom of this page and ask **before** you get the service or care.

#### **B4. Long-term services and support (LTSS) providers**

As a SecureBlue member, you will be able to get Long-term Services and Supports (LTSS) if you need them. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

You must have a Long-Term Care Consultation (LTCC) done and be found to be eligible to get additional services or support. You can ask to have this assessment in your home, apartment, or facility where you live.

Your care coordinator will meet with you and your family to talk about your care needs if you call to ask for a visit.

Your care coordinator will give you information about community services, help you find services to stay in your home or community, and help you find services to move out of a nursing home or other facility.

If you need transition planning and coordination services to help you move to the community, you may be eligible to get Moving Home Minnesota (MHM) services. MHM services are separate from Elderly Waiver (EW) services, but you must be eligible for EW.

To find out more about these services, refer to your *Member Handbook*. Call Member Services at the number at the bottom of this page to get more information on how to access these services.

#### **B5. How to access SecureBlue's network providers**

You must get all of your covered services from providers within our network. If you use providers who are not in SecureBlue's network (**without prior authorization**), **you may have to pay the bill.**

A **prior authorization** is an approval from SecureBlue to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can

**If you have questions**, please call SecureBlue Member Services at 1-888-740-6013, TTY 711, 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday (except holidays) from April 1 through September 30. The call is free. **For more information**, visit [bluecrossmn.com/secureblue](http://bluecrossmn.com/secureblue).

also go outside the plan for other non-emergency services if SecureBlue gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. You do not need to call Member Services to notify us of this change. Call the new provider and ask them to help you transfer your health care records.
- SecureBlue works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, SecureBlue can help you. Talk to your Care Coordinator for assistance.

**If you have questions**, please call SecureBlue Member Services at 1-888-740-6013, TTY 711, 8 a.m. to 8 p.m., seven days a week (except Thanksgiving and Christmas) from October 1 through March 31, and Monday to Friday (except holidays) from April 1 through September 30. The call is free. **For more information**, visit [bluecrossmn.com/secureblue](http://bluecrossmn.com/secureblue).
