Your out-of-pocket costs depend on the network status of your provider. This plan's network has a limited number of in-network providers. If you visit a provider or a location that's not in this plan's network, you will pay more for your care, and the costs associated with your care will not count towards your in-network cost sharing (for example, the in-network deductible and out-of-pocket maximum). Be sure to find out if your doctor is in this plan's network (note the network's name at the top of this document). To check status, use the "Find a doctor" web tool on bluecrossmn.com.

Lowest out-of-pocket costs: in-network providers

Higher out-of-pocket costs: out-of-network participating providers

Highest out-of-pocket costs: out-of-network **nonparticipating** providers

If you receive services from a nonparticipating provider, you will be responsible for any deductibles or coinsurance plus the DIFFERENCE between what Blue Cross would reimburse for the nonparticipating provider and the actual charges the nonparticipating provider bills. This difference does not apply to your out-of-pocket maximum. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Plus' allowed amount, which is typically lower than the amount billed by the provider.

This is only a summary. Your benefit book will provide a detailed description of what is and is not covered. Services not covered include custodial care or rest cures, bariatric surgery, infertility, adult eyewear, adult dental services, services that are experimental, not medically necessary or received while on military duty and certain services for the treatment of autism.

Each health care provider is an independent contractor and not our agent. It is up to the member to confirm provider participation in their network prior to receiving services.
