UNDERSTANDING YOUR HEALTH PLAN

Having health insurance means you and a health plan share in paying your medical costs. The plan tracks what you pay in medical costs and applies eligible costs toward certain milestones. When your costs hit these milestones, you move into the next stage of your plan. Your share of costs becomes less as you reach each stage. Here's how it works:

Stage 1: Deductible

Each year, you pay for all covered medical services until you meet your deductible.

Your deductible and coinsurance **count toward** your out-of-pocket maximum.

Stage 2: Coinsurance

Then, the health plan starts sharing a percentage of your costs until you reach your out-of-pocket maximum. Example: 80/20 coinsurance means the plan pays 80 percent and you pay 20 percent.

Stage 3: Out-of-pocket maximum

At this point, the health plan pays all your covered medical costs for the rest of the plan year.*

*Covered medical costs up to the lifetime maximum.

Knowing some common health plan terms regarding costs can help you make more informed decisions and get more from your plan. See glossary for additional terms.

Premium

The regular payment you make throughout the year to keep your plan active

Your employer may pay part of your premium.

Your premium **does not count toward** your deductible or out-of-pocket maximum.

Covered medical costs

The medical services your plan covers

"Covered" means your plan pays for some or all of the costs. These are different in each plan.

Your covered costs **usually count toward** your deductible and out-of-pocket maximum.

Over-the-allowed-amount costs

The health plan and in-network providers have agreed to an "allowed amount" (the most a provider can charge you). If you receive a covered service from a nonparticipating provider who charges over the allowed amount, this additional cost is your responsibility.

Costs over the allowed amount **do not count toward** your deductible and out-of-pocket maximum.

Non-covered services

"Non-covered" refers to medical services not covered by your plan

If you receive these services, you pay in full.

Services not covered by your plan **do not count toward** your deductible and out-of-pocket maximum.

CHOOSING A PLAN: THINK ABOUT YOUR NEEDS

When choosing a plan, think about how much medical care, including prescriptions, you (and your dependents) expect to need within the plan year.

Higher-premium plan with lower deductibles

This type of plan may be a good option if you (and your dependents):

- See a doctor regularly
- Need regular prescription drugs, specialty drugs or medical equipment
- Are expecting to have surgery, give birth or other major medical care

You'll pay more for your premium, but generally your out-of-pocket costs will be less when you get care. Be sure you can afford the higher premium because you will pay this regularly.

Lower-premium plan with higher deductibles

This type of plan may be a good option if you (and your dependents):

- Don't expect to need much medical care
- Don't need regular prescription drugs, specialty drugs or medical equipment

You'll pay less for your premium, but generally your out-of-pocket costs will be higher when you get care. Be sure you can afford out-of-pocket medical costs if you need care unexpectedly.

IN GENERAL:

- **Higher premium =**
Lower out-of-pocket costs
- **Lower premium =**
Higher out-of-pocket costs

Out-of-pocket costs include:

- Deductible
- Copays
- Coinsurance
- Non-covered services
- Over-the-allowed-amount costs

See glossary for definitions.

Stay in network

You can save money on your healthcare costs by making sure you choose an in-network provider. These are doctors, hospitals and clinics within your network. If keeping your current doctor is important to you, be sure to check if that doctor is in the network you're considering. If the provider isn't in the network, it may cost you more.

Log in at bluecrossmn.com/BCA to search providers in your specific network. Not a member? Visit bluecrossmn.com/FindADoctor and select the network you are considering.

NETWORKS

A network is a group of doctors, clinics, hospitals and other healthcare providers that have contracted with a health plan to provide your care at a lower cost. Check to see if your preferred providers are in network. Log in at bluecrossmn.com/BCA to search providers in your specific network. Not a member? Visit bluecrossmn.com/FindADoctor.

National and international networks

- **National BlueCard®** – Access to more than 1.8 million providers nationwide
- **Blue Cross Blue Shield Global® Core** – Access to coverage in 190 countries and territories worldwide

Aware® Network — The largest Blue Cross network featuring access to nearly every physician and hospital in Minnesota.

High Value Network — A network of providers throughout Minnesota. Some of the care systems included are HealthEast, Children's, Allina Health, CentraCare Health, M Health Fairview, Lakewood, Sanford Health, Gundersen Health, and Winona Health.

PREVENTIVE CARE

Most preventive visits are covered at

 **100%**

when you see a doctor in network

Check your benefit booklet on your member website.

Each Blue Cross and/or Blue Shield plan is an independent licensee of the Blue Cross and Blue Shield Association. Each healthcare provider is an independent contractor and not our agent. It is up to the member to confirm provider participation in their network prior to receiving services. Blue Cross Blue Shield Global Core is a registered mark of the Blue Cross and Blue Shield Association, an association of independent Blue Cross and/or Blue Shield plans.

PHARMACY BENEFITS

Blue Cross works with Prime Therapeutics to provide you a pharmacy network (pharmacies that have an agreement with Blue Cross) and a formulary (see glossary). Using your pharmacy network and formulary drugs can help you save money.

To find an in-network retail pharmacy and check to see if a drug is covered, log in to your member website.

- **Pharmacy search:** *Your pharmacy network name is listed on your benefit chart.* If you go to an out-of-network pharmacy, you may pay the full cost of the prescription.
- **Drug search:** *The name of your formulary or drug list is listed on your benefit chart.* Drugs not on your drug list may cost you more.

Log in to your member website to learn more about pharmacy benefits, including 90-day prescriptions, specialty pharmacies, retail and home delivery.

- Stay within your network
- Opt for generic
- Choose drugs on your formulary

Prime Therapeutics LLC is an independent company providing pharmacy benefit management services. Each pharmacy is an independent company that provides pharmaceutical services.

Important Information About Your Pharmacy Benefits	90dayRx applies to participating retail and/or mail service pharmacy only. Identified specialty drugs purchased through a specialty pharmacy network supplier are eligible for coverage (no coverage for specialty drugs purchased through a nonparticipating specialty pharmacy supplier). The patient will pay the difference if a brand-name drug is dispensed when a generic drug is available. The drug list uses a step therapy program. Sign in at bluecrossmn.com and select "Prescriptions," then see "frequently asked questions."	

Your out-of-pocket costs depend on the network status of your provider. To check status, call Blue Cross customer service or visit bluecrossmn.com.

***Lowest out-of-pocket costs:** in-network providers

Highest out-of-pocket costs: out-of-network **nonparticipating** providers (You are responsible for the difference between Blue Cross' allowed amount and the amount billed by nonparticipating providers. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Cross' allowed amount, which is typically lower than the amount billed by the provider.)

This is only a summary. Read your benefit booklet for more information about what is and isn't covered.

HEALTH REIMBURSEMENT ARRANGEMENT (HRA)

An HRA is funded 100 percent by your employer at the start of each plan year. An HRA reimburses employees and their families for eligible medical expenses. Employers decide what types of expenses are considered eligible. If you enroll in an HRA, your account will be set up with FurtherSM, the spending and savings account administrator.

 Visit hellofurther.com to learn how to make the most of your HRA.

Further Operations, LLC, a wholly owned subsidiary of HealthEquity, Inc. is an independent company providing account administration services.

WHO FUNDS AN HRA?	WHAT DO I USE MY HRA FOR?	WHAT HAPPENS TO MONEY LEFT IN MY HRA?
Your employer puts a certain amount of money into your HRA. Annual employer contribution: \$1000 individual \$2000 family	Use the HRA funds to pay for out-of-pocket medical costs. Once you hit your out-of-pocket maximum, your health plan will pay for eligible costs.	Any unused HRA funds roll over to the next year.

FLEXIBLE SPENDING ACCOUNT (FSA)

Your employer may offer two types of FSAs. A medical FSA is a personal expense account that lets you set aside a portion of your salary pretax and use the money to pay for medical costs not paid for by your health plan. A dependent care FSA lets you use pretax dollars to pay for your dependent's day care and other expenses necessary for you to work. Your FSA account is administered by FurtherSM.

Contributions to your FSA are deducted from your paycheck pretax. It's important to put in only what you think you will use in the plan year (like your deductible or calculated day care expenses), as unused money may be forfeited or a portion may be rolled over to the next year (as determined by your employer).

2023 IRS limits:* **Medical FSA** – \$3,050
Dependent Care FSA – \$5,000

*IRS limits are generally revised in November each year. These limits are subject to employer selections.

Using your FSA

Under your plan, if you have both a medical FSA and the HRA, your FSA pays first and then your HRA.

To learn more about your FSA, how it works and eligible expenses, visit hellofurther.com.

Further Operations, LLC, a wholly owned subsidiary of HealthEquity, Inc. is an independent company providing account administration services.

GLOSSARY — TERMS TO KNOW

Allowed amount: The amount Blue Cross has agreed to pay a specific provider for a covered service.

Coinsurance: This payment structure starts after meeting your deductible. In coinsurance, you and the plan each pay a percentage for covered services. Example: 80/20 coinsurance means the plan pays 80 percent and you pay 20 percent.

Convenience or retail clinic: These clinics treat a limited list of common illnesses. They are often located in or near a retail store.

Copay: A fee you pay every time you get care or a prescription. Copays can vary based on where you get care (virtual, clinic, urgent care, etc.).

Cost sharing: Refers to the member sharing medical costs with the health plan through copays, deductible and coinsurance.

Deductible: The dollar amount you must pay for most covered services each calendar year before the health plan begins to pay for benefits. Along with covered service costs, your copays (if your plan has them) may count toward your deductible.

Deductible carryover: Some costs that apply to your deductible may carry over to the next year. In most cases, these costs occur in the last three months of your plan year.

Eligible or covered services: Healthcare covered by your plan.

Explanation of Healthcare Benefits (EOB): A letter you receive after getting care that shows costs, the amount the health plan is expected to pay and the amount you are expected to pay. You do not pay anything when you receive an EOB.

Formulary or drug list: A list of FDA-approved prescription drugs covered by your health plan. To help ensure you get the right drugs for your needs, some drugs may require prior authorization, step therapy, and/or quantity limits.

Health plan: Can refer to your health insurance company or your specific health plan.

In-network: Providers or pharmacies in your plan's network that give you the most coverage (lowest cost). Note: An in-network provider is not the same as a participating provider.

Member website: A secure website for accessing plan details and cost information as well as health and wellbeing tools.

Nonparticipating provider: A provider that does not have a contract with the health plan. You pay in full when using these providers. Note: A nonparticipating provider is not the same as an out-of-network provider.

Out-of-network: A provider or pharmacy that has a contract with the health plan but is not part of your plan's network. You may pay more when using these providers/pharmacies. Note: An out-of-network provider is not the same as a nonparticipating provider.

Out-of-pocket expense/cost: Refers to costs the member pays: premium, copay, deductible, coinsurance, and non-covered services or over-the-allowed-amount costs.

Out-of-pocket (OOP) maximum: This is the last milestone you hit by paying for covered medical services. Once you reach this amount, the plan pays for all covered in-network services for the plan year's remainder.

Participating provider: A provider that has a contract with the health plan, and may be in or out of your plan's network. Note: A participating provider is not the same as an in-network provider.

Premium: Your monthly payment, like a membership fee. Your employer may pay part of your premium. You may also be able to pay your premium pretax from your paycheck.

Provider: Refers to doctors, clinics, hospitals, pharmacies and other healthcare professionals.

Service (also called "care"): Medical procedures, treatment, and prescription drugs.
